It is important for market analysts and appraisers to comply with the Kentucky Housing Corporation (KHC) **Market Study Requirements and Appraisal Requirements**. All required KHC tables (e.g., Summary Information Table and Demand & Capture Rate Calculation Table), the HUD 92273 Rental Grid, and any other materials as specified in the **KHC Market Study Requirements and Appraisal Requirements** (click here) must be completed and submitted with each report. Market analysts and appraisers submitting a report that materially fails to comply with KHC’s requirements or is unacceptable by professional standards may, at the sole discretion of KHC, be removed from the list.
