Replaces Refrigerator Metering
Record

BASE LOAD RECORD

(Attach to WX-900, or WX-900P)

Refrigerator Information:

Manufacturer _____ Model No./Year _____
Height _____ Width _____ Depth _____ Size _____ Location _____
Label Annual Consumption kWh/yr _____ Age _____ Description: (Note color, special features,
etc.) _____
Condition of Unit: (Note any obvious damage, loose seals, dirt accumulation, etc.) _____

Metering Data:

Metering Minutes (minimum 2 hours) _____ (i.e. 120 minutes) Meter Reading _____ (use kWh from
meter, not kWhY) Ambient Temperature _____ (utilize thermometers or CO analyzer)
Manual Defrost? Includes Defrost Cycle?

If testing is deferred, explain:

Water Heater Information:

Manufacturer _____ Model No./Year _____ Temp. Setting _____
Fuel _____ Rated Input _____ Location _____ Input Units _____ Gallons _____
Insulation Type (fiber or poly) _____ Supply Pipe Insulation? Shower Heads (#) _____
Avg. Gallons per Minute _____ Minutes Shower Use per day _____
Comments: (Note any obvious damage, exposed wiring, ptr valves, drain, etc.) _____

Lighting information:

1. Light Code _____ Room _____ Location _____
Lamp Type _____ Quantity _____ Watts _____ Hours on per day _____
2. Light Code _____ Room _____ Location _____
Lamp Type _____ Quantity _____ Watts _____ Hours on per day _____
3. Light Code _____ Room _____ Location _____
Lamp Type _____ Quantity _____ Watts _____ Hours on per day _____
4. Light Code _____ Room _____ Location _____
Lamp Type _____ Quantity _____ Watts _____ Hours on per day _____
5. Light Code _____ Room _____ Location _____
Lamp Type _____ Quantity _____ Watts _____ Hours on per day _____
6. Light Code _____ Room _____ Location _____
Lamp Type _____ Quantity _____ Watts _____ Hours on per day _____
7. Light Code _____ Room _____ Location _____
Lamp Type _____ Quantity _____ Watts _____ Hours on per day _____

COMMENTS: _____
