RE: SITE VISIT

To: The MIC Community

The devastation of drug addiction has touched the lives of most people across the state of Kentucky. It has destroyed individuals, families, communities, and has truly become an epidemic across the state. As parole board members we see the destruction that drug abuse causes on a daily basis. During our visit to your facility, it was so refreshing to also see the solution.

Having the opportunity to observe the community forum was amazing. It was so encouraging to see the compassion and concern that the participants showed for their "brothers" in the program. It was wonderful to talk to the participants and hear about their recovery process. Thanks for sharing this with us.

The staff at MIC displayed such commitment, care, and dedication to the MIC participants, as well as the integrity of the program.

We greatly appreciate each and every one of you for welcoming us to your facility and allowing us to see recovery in action. Morehead Inspiration Center is such an appropriate name for your facility because our experience there was truly inspirational. Thanks for all you do, we appreciate it. If we can be of assistance in the future, please don't hesitate to contact us.

Sincerely,

Sarah Johnson
