

Assisted Rental Housing Report

Last revision: 01/10/06

INTRODUCTION

This directory includes information Kentucky Housing Corporation hopes will be valuable to Kentuckians who work with assisted rental housing in the Commonwealth as well as those who are searching for safe, decent and affordable housing. Data was gathered from the Louisville Area Office of the U.S. Department of Housing and Urban Development (HUD), the Kentucky State Office of the Farmers Home Administration and the management agencies of the apartment complexes.

Kentucky Housing Corporation is under contract with HUD to administer 15,800 units subsidized under Section 8 of the United States Housing Act.

The information provided within is a compilation from many sources and KHC does not assume responsibility for the accuracy of figures. Many breakdowns of bedroom, handicapped and elderly totals for units receiving HOME or HC funds are estimates, because exact figures were unavailable. Units that are **shaded** are administered by Kentucky Housing Corporation's Project-Based Rental Administration Department.
