

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

This Consolidated Annual Performance and Evaluation Report (CAPER) is the first annual report of outcomes under the 2025-2029 Five-Year Consolidated Plan. Kentucky Housing Corporation (KHC), the allocating agency for HOME funds, worked diligently to meet deadlines to commit HOME funds. KHC continued producing and preserving affordable multifamily housing units this year, blending funds for the greatest impact. Homebuyer new construction and rehabilitation efforts continued to assist single family homebuyers. In addition, KHC utilized the Emergency Solutions Grants (ESG) to assist persons experiencing homelessness or at risk of becoming homeless, and HOME Tenant-Based Rental Assistance served households at or below 60% of Area Median Income. KHC also used HOPWA to assist income-eligible households where a member has HIV/AIDS with supportive services and housing subsidies.

In addition to the highlights specific to the five block grant programs covered by this report, efforts in other areas, including, but not limited to, were: the Family Self Sufficiency Program, Housing Counseling education for persons with limited English proficiency, and assisting families in danger of foreclosure due to financial hardship.

The table below includes projects and housing units completed during the program year, regardless of the year funding was allocated. Most projects are not completed the same year funding is allocated. The narrative following the table includes information on activities completed as well as those funded during the year. Please note that activities related to the COVID-19 response may not be reported in this CAPER due to the timing of the disbursement and expenditure of CARES and HOME-ARP funds.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

CDBG: CDBG Program priorities are unchanged from those established in the 2025 Consolidated Plan. Please note that actual program year outcomes depend on the number of specific program applications received during a program year. Public facilities/Infrastructure serving community development needs provide a wide variety of projects, such as water and sewer improvements, fire stations, senior citizen centers, and ambulance service buildings, among others. **(Public Facilities and Public Facilities/Infrastructure beneficiaries are combined in the table above as the PR83 does not list separate beneficiaries for each public facilities category.)** Public Facilities beneficiaries were lower than the annual expected count of 30,000 and reported 12,365 for the 2025 program year. The annual goal of DLG's Economic Development program is to assist 7 businesses a year. DLG assisted 3 businesses in 2025 – a decrease from 2024. Economic Development is always a high priority for the Department for Local Government. CDBG housing numbers increased in 2025 as 7 housing units were completed. The annual goal is 38. Public services numbers showed 2,266 persons assisted in 2025. There are 13 Recovery Kentucky substance abuse centers in the Commonwealth; all have waiting lists. CDBG accomplishments have been gaining ground since the pandemic. Hopefully, this trend will continue.

HOPWA: HOPWA TBRA goals were nearly met, and exceeded last year's actual number, during the program year. The availability of HOPWA-Competitive funding provides additional TBRA resources in addition to the Formula Grant addressed in the CAPER. All other HOPWA services goals were exceeded. HOPWA-funded agencies continue to be strong partners in our CoC and play a critical role in preventing homelessness among persons with HIV/AIDS.

ESG: Rapid Re-Housing goals were nearly met and Emergency Shelter goals were exceeded. Prevention goals were not met due to the limited amount of ESG formula funds, for which the Continuum of Care prioritize Emergency Shelter and Rapid Re-Housing activities. However, many homeless services providers used Emergency Rental Assistance 2 (ERA2) funding to support homelessness prevention services as well as rapid re-housing. Also, the ESG Street Outreach component assisted 66 individuals, which is not depicted in the chart above, and HOME-ARP funding provided 562 households with street outreach services. KHC's ERA2-funded homeless services program also served 550 households with Rapid

Re-Housing services.

Additional program notes on use of funds.

HOME: Single-family homebuyer production goals were not met largely due to the continued impact of the 2022 Southeastern Kentucky flood disaster, which impacted many of the Kentucky Balance of State non-profit affordable housing developers. Repeated flooding since 2022 in Eastern Kentucky has resulted in a challenge to find properties for new construction outside the flood plain. However, new higher ground communities, currently under development, will contribute to an increase in available properties outside of the flood plain for homebuyer new construction. They are also seeing significant increases in labor/contractor costs. In addition, the CHDOs are reporting that income thresholds continue to be challenging with construction costs and property values on the rise. HOME Tenant-Based Rental Assistance (TBRA) goals were exceeded. HOME multifamily activities were partially achieved, despite delays due to the government shutdown, increased construction costs and lack of other available gap funds. However, there are 25 HOME-assisted properties currently in some stage of development, but have not yet completed. HTF goals were not achieved this year although there are 11 HTF-assisted properties currently in some stage of development, but have not yet completed.

Narrative

Data is derived from the CDBG and HOME PR-23 reports for completed units.

CDBG data containing additional breakdowns of race and income are available on these reports. The racial categories in this table are not the same as in the PR-23 report for all persons. The total number of

persons served is 54,976 including 1,356 persons not in the table above.

In the HOME category, the total number of persons served is 83, including Hispanic and Non-Hispanic populations.

HTF racial and ethnic data is derived from PR-110. The total number of persons served is 110.

HOPWA racial and ethnic data is derived from the HOPWA CAPER and is based on all individuals served with all HOPWA services including all household members Those individuals and beneficiaries depicted are those that received housing assistance. The total number of persons served is 436 including 29 persons not in the table above who selected Other multiracial.

ESG racial and ethnic data is derived from ESG CAPER report.

Narrative

Collectively, all CDBG, and HOME funds were disbursed in all Congressional Districts. Total HOME funds expended include program income. Funds expended during the program year may be from more than one year's allocation of funds. ESG and HOPWA funds were made available in all Congressional Districts except Congressional District 3, which includes Louisville/Jefferson County. No new HOME funds were awarded to new multifamily projects in Congressional Districts 2, 3, 5, and 6 in plan year 2025. Two projects received 9% tax credit awards. No new HTF funds were awarded in 2025.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

DLG programs for public facilities, community projects, and economic development provide high priority rankings for projects with significant local match/leveraging components during the application review process. Public facility applications receive a priority I rank if the leveraged amount is a 1:1 match. Housing projects with 25% match receive a priority I rank. Economic Development projects do not have a percentage ranking guideline, but projects with the greatest local match are more likely to be funded. In 2024, Economic Development projects generated \$7,966,000. Public Facility projects generated \$4,504,640 and Community projects (6) generated \$1,389,607.

HUD does not require HOPWA sub-recipients to provide a match or leverage dollars. However, HOPWA sub-recipients provide leverage dollars each year in several categories that are further defined within the CAPER. This reporting year, HOPWA sub-recipients leveraged a total of \$810,236 from other federal, state, local, and private funding to help run their programs.

ESG requires each grantee to provide additional resources at a minimum equal to the amount of ESG funds awarded to the project/program. This results in expanding the ESG project/program by 100% and attracts an array of match and leverage resources. Grantees receive competitive scores based on the percentage amount above 100% provided by other cash and non-cash resources. In addition, ESG grantees are audited to ensure those percentages of other resources are fully committed to the project/program. The majority of ESG grantees are nonprofit entities and are very successful in attracting local and private funds in almost every instance. In addition to local and private funding, ESG grantees access resources such as United Way, VOWA, VOCA, CDBG, CSBG, Continuum of Care, HOME TBRA, AmeriCorps, value of shelter buildings, volunteer time, and in-kind services.

KHC limits HTF awards to projects with Low-Income Housing Tax Credits, which leverages private equity into the transaction. In addition, KHC generally requires projects seeking HTF funding to have project-based rental assistance in place.

HOME matching funds are detailed in the following table. KHC continues to record matching funds well above the annual requirement, resulting in a large carry-forward amount. HOME matching requirements were waived in 2025 to the Kentucky PJ due to "Fiscal Distress" as evaluated by HUD, posted in guidance, and integrated into the IDIS report PR-33.

Please note: PR-23 notes, in the CDBG actual accomplishment section of the report, 25 households. All housing activities must be 100% LMI.

The data source for CDBG and HOME in Table 13 is PR-83 and PR-23. The data for HTF in Table 13 is PR-110, and there is one household in the Low-income category that is not reflected on the table above. For additional details, please see attached PR-23, PR-83 and PR-110.

KHC's PHA dept. serves the full 118-county Balance of State (BoS) geography in partnership with the CoC for its Mainstream Voucher, Emergency Housing Voucher (EHV), and soon-to-be-launched Stability Voucher programs targeting those experiencing homelessness with severe service needs, including those with histories of unsheltered homelessness and those fleeing or attempting to flee domestic violence, sexual assault, dating violence, stalking, or human trafficking. In 2022, KHC launched the Housing Connector Team (HCT) to provide housing navigation services for specialized voucher holders experiencing homelessness. The HCT consists of a supervisor and 5 regionally located Connectors who provide direct housing navigation services to clients referred to or enrolled in a specialized voucher program connecting vulnerable households experiencing homelessness with high-service needs, including physical, mental health, and developmental disabilities to specialized vouchers while providing supportive services and service coordination. The HCT serves eligible EHV/Mainstream Voucher/Stability Voucher households (experiencing Category 1,2&4 of HUD Homeless Definition and those who are non-elderly with disabilities) prioritized by the KY BoS CoC Coordinated Entry System (CES). As of June 30, 2026 The HCT has assisted 2,167 households using Mainstream, Emergency Housing Vouchers, and Stability Vouchers since program launch and also assisted 216 of those households with voucher recertifications. Services include: client-driven unit identification, landlord outreach/negotiation, voucher-application assistance, housing search/placement services, and connection to mainstream benefits. HCT members provide housing search support and systems connection to tenants, landlords, homeless services providers, and the CES to expedite housing search, increase landlord engagement/retention, facilitate lease-up, and increase housing stabilization for voucher holders. The HCT provides transportation assistance to those experiencing homelessness for purposes of housing search, unit viewings, and meetings with prospective landlords. Members are SOAR trained and have been trained in homeless service best practices (Trauma Informed Care, Impactful Rural Outreach, Harm

Reduction, and Motivational Interviewing) and also serve as mobile connectors to Medicaid benefits. KHC successfully applied for HUD “Special NOFO” funding to continue HCT services in 99 rural counties and will directly subsidize operations in the remaining 19 urban BoS counties once pandemic-era funding for this project is exhausted. The HCT fills gaps between the CoC and the PHA, guaranteeing people experiencing homelessness with the highest service needs have direct housing navigation supports in locating and obtaining permanent housing, ending their homelessness as quickly as possible and reducing the overall time spent homeless.

Also, the KHC Affordable Housing Trust Fund (AHTF) Home Repair program, implemented by nonprofit community-based housing developers, brings substandard owner-occupied homes up to KHC’s Minimum Habitability Standards (see p. 7 of https://kyhmis.zendesk.com/hc/en-us/article_attachments/20348885843483). The Home Repair program can also provide accessibility modifications to households where one or more members are persons with a disability.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Kentucky Balance of State Continuum of Care (CoC) continues to carefully design its homeless response system to better respond to the individual needs of people experiencing homelessness so that the best resource can be used for the specific situation as often as possible. During the pandemic, KHC allocated approximately \$1M in CARES Act ESG-CV funding to significantly expand ESG Street Outreach activity. Previously, less than \$100,000 of ESG had been used for Street Outreach annually. This has allowed partner agencies to hire staff specifically to engage people who are unsheltered. The CoC continues to work closely with the Veterans Administration (VA) and the Kentucky Department of Behavioral Health on their outreach programs. KHC has hosted various training to improve provider knowledge and effectiveness. As part of the KY BoS CoC Coordinated Entry System, all ESG-funded emergency shelters and street outreach programs, as well as all ERA-2 funded housing programs, were required to use the VI-SPDAT triage tool as part of the Coordinated Entry process to assess the individual housing needs of persons entering their shelters or staying on the streets. This allows projects to identify participants with the highest needs and longest amount of time homeless and directs them to the appropriate housing resources. In 2020, KHC revised its Coordinated Entry prioritization criteria to take into consideration communicable disease risk factors. In 2024, KHC further updated its prioritization criteria to address unsheltered homelessness, given CoC-wide street outreach capacity growth and momentum. In addition, KHC and OrgCode have trained providers to utilize the Full SPDAT, which is a comprehensive needs assessment case management tool that allows case managers to better assist participants in a manner that is responsive to their unique circumstances. Additionally, in an effort to continue strides made under the ESG-CV allocation that was fully expended during FFY23 the Kentucky Balance of State CoC has been awarded 9 regional Street Outreach projects under the CoC Supplemental NOFO to Address Unsheltered and Rural Homelessness and KHC has awarded HOME-ARP Street Outreach funds to regions where ESG-CV funding has ended and no SNOFO Street Outreach funding exists to ensure 100% CoC coverage of street outreach services for the next 3 years.

Addressing the emergency shelter and transitional housing needs of homeless persons

KHC continues to allow a significant portion of the annual ESG allocation to be requested and used for the Emergency Shelter Component. While permanent housing is the ultimate goal when assisting persons experiencing homeless in the Balance of State CoC, providing resources that allow service providers to address the immediate, critical needs of participants (e.g., getting people off the streets or offering safe housing for persons fleeing domestic violence) first is a critical component of Kentucky's homeless response system when a permanent housing option is not immediately available. When participants enter the emergency shelter, they are quickly assessed using the VI-SPDAT Triage Tool and

Full SPDAT assessment tool in order to develop a housing plan. Even if a client is enrolled quickly into RRH, it still can take time to locate a suitable permanent housing destination, especially for areas with significant shortages of affordable housing options. Emergency Shelters engage clients in supportive services while housing is secured. The alternative would be for persons experiencing homelessness to wait for housing while living on the streets or possibly returning to unsafe situations. In addition, emergency shelters work with clients to solve their own homeless situations if possible, which allow RRH and PSH resources to be reserved for higher need households. Through the Youth Homelessness Demonstration Program (YHDP), partners in Southeastern KY created “crisis housing” for youth under the age of 25. The projects are funded through the TH component of the CoC program, but unlike traditional transitional housing that can last up to 24 months, the aim of the youth crisis housing is to be short-term while a permanent solution can be identified. Also, through the YHDP, the partners have created “crisis host homes” where youth can stay with a family while they are looking for permanent housing. This is especially helpful in areas where physical shelters do not exist and for minors who are not allowed to go to adult shelters. Through the 2017, 2018, 2019, and 2020 CoC competitions, the KY BoS CoC was awarded several Joint TH-RRH projects, that have further increased our availability of crisis housing options. This includes one large project funded through the DV Bonus competition that has been expanded twice.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Numerous ESG- and CoC-funded projects are part of local homeless coalitions within their local service areas. The coalitions include representatives from housing providers, jails, law enforcement, mental health providers, schools, etc. Agencies report utilizing coalitions to develop strong partnerships to divert persons from homelessness through deliberate and proactive coordination. For example, many projects work with local agencies (both private and public) which have prevention assistance programs, e.g., financial assistance for delinquent rent and utilities and advocacy for landlord and rental lease issues. The CoC collaborates with state agencies, including the Kentucky Cabinet for Health and Family Services, to implement discharge planning for youth who are aging out of foster care. KHC, as the PHA for 87 counties, partnered with the Department for Community Based Services (DCBS) to administer Family Unification Program (FUP) vouchers. These vouchers are used for families with children for whom lack of adequate housing is the primary factor where a child cannot yet rejoin the parent or are about to be separated from the parent and for youth who are at least 18 years old, and not more than 24 years of age, and who has left foster care, or will leave foster care within 180 days, in accordance with a transition plan, or is at risk of becoming homeless at age 16 or older. KHC also applied for and received Mainstream Vouchers, which are used for non-elderly disabled households, which includes those exiting institutions. Kentucky participates in Medicaid and Medicare programs that require health care facilities

and providers to adhere to all applicable standards of care, including discharge. KHC was also awarded 257 Emergency Housing Vouchers to serve those experiencing or at risk of homelessness however funding for this program will end December 31, 2026. KHC had prioritized these vouchers for persons exiting homelessness who only have time-limited housing subsidies, such as Rapid Re-Housing. In addition, Kentucky has an established policy that prevents individuals with serious mental illnesses from being discharged into homelessness. Such individuals are required to be discharged into permanent, community-based housing. If housing cannot be secured through a family member or other housing provider, Olmstead programs can be utilized to house individuals exiting mental health hospitals. The Kentucky Department of Corrections (DOC) has established discharge policies that seek to assist offenders secure housing prior to release. The DOC often partners with halfway houses or substance abuse recovery programs to assist in the reentry process. KHC also administers a program called Protect My Kentucky Home, which connects distressed Kentucky homeowners with resources such as housing counselors and legal aid. The intention is to prevent homeowners from losing their homes and becoming homeless.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

ESG funding is prioritized for RRH programs. RRH funds provide services, help locate and secure suitable housing and can be used to provide ongoing case management for a period of time after the participant is no longer receiving rental assistance through the program. Such assistance helps participants transition more quickly into permanent housing and with more tools that can positively contribute to a household's ability to stay housed. Increasing a household's income is a critical element in successfully transitioning persons into permanent housing and keeping them there as well as connecting participants with mainstream resources, including job training, education, and mainstream benefits. This information, along with other performance indicators, continues to be used by the KY BoS CoC to track the performance of the overall homeless service system and the progress of individual projects receiving federal funding to assist persons experiencing homelessness. Beginning with the 2019 ESG annual competition, KHC implemented a policy where all RRH participants, including those that receive only deposit assistance or first month's rent must be offered at least up to 90 days of housing stability case management. Additionally, since 2019 KHC requires ESG and CoC RRH recipients to implement the National Alliance on Ending Homelessness National RRH Core Components, which stresses case management assistance in obtaining and maintaining housing. Through CARES Act ESG-CV funding, KHC awarded over \$15M in RRH. For the first time, the KY BoS CoC had full RRH coverage across its 118-county region. In an effort to continue this ESG-CV built RRH capacity across the CoC, KHC created an ERA2-funded homeless services program that invested nearly \$19M of funds for RRH and prevention assistance through fall 2025. Additionally, through the SNOFO competition, the KY BoS was awarded

additional regional RRH projects eligible for renewal in the annual CoC competition. Through Coordinated Entry, households with the highest level of need, including those who are chronically homeless, considered tri-morbid and/or have high risk for contracting COVID-19/infectious disease are prioritized for housing resources. Additionally, KHC (257 vouchers) and 7 other housing authorities (105 vouchers) serving the Kentucky Balance of State were awarded 326 Emergency Housing Vouchers, which assist households experiencing or at risk of homelessness. The Kentucky Balance of State Continuum of Care refers households to the PHAs for those vouchers. Lastly, in the spring of 2023, KHC was awarded 25 HCV Stability Vouchers, targeting those experiencing homelessness, while 3 other PHAs in the KY Balance of State CoC each received 5 SVss each.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

Although KHC is the statewide PHA (in jurisdictions with no local PHA), KHC does not administer public housing units of its own.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Although public housing is primarily administered at the local and not the state level, public housing undertook efforts to encourage and assist the population it serves to obtain economic self-sufficiency. Local PHAs provide housing for over 33,523 families statewide.

KHC's Family Self-Sufficiency (FSS) Program provides supportive services to participants who possess a housing choice voucher under KHC's jurisdiction. FSS participants must sign a five-year contract of participation. The goal of the FSS program is to empower participants in becoming more economically self-sufficient and less reliant upon government assistance, including public housing. FSS participants receive employment skills training, budget and credit counseling, money management tips. KHC establishes an escrow account with monthly deposits based on the participant's increased earnings. FSS graduates are encouraged to use the escrow funds as a down payment on a home, but it is not mandatory. As of June 30, 2026, 81 families participate in FSS, and 53 participants have funds in escrow. Since the program started, 461 families completed the program.

NeighborWorks® America's curriculum called Realizing the American Dream is available in multiple languages. Anyone, including people currently living in rental or public housing, can access the program. Realizing the American Dream (pre-purchase counseling) and Keeping the American Dream (post-purchase counseling) provides user-friendly training tools for homeownership education classes and is available in English, Spanish, Mandarin Chinese, and Vietnamese. Voucher Programs allow families housed by local housing authorities and who have the knowledge and qualifications access KHC's single-family loan programs. In addition, KHC established a homeownership voucher program that allows qualifying families to use their Housing Choice Voucher for homeownership. Currently, there are 25 families utilizing a voucher for homeownership.

Actions taken to provide assistance to troubled PHAs

HUD did not notify KHC and DLG of any troubled PHAs needing assistance during this fiscal year.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Both KHC and the DLG work to overcome obstacles where influence is possible. Many of the public policies that serve as barriers to affordable housing are adopted at the local level.

Duty to Serve Initiative: On the state level, during this fiscal year, existing initiatives, as well as new initiatives, work to ameliorate the effects of public policies that have negative effects on both the production of affordable housing and preventing persons from having access to affordable housing. Fannie Mae and Freddie Mac have a Duty to Serve initiative that KHC offers as a part of its conventional loan offering.

The Recovery Kentucky program is very successful in removing unintentional compartmentalization between state agencies that prevent persons with addiction to access help and stops the cycle of repeated incarceration. Currently, 14 centers actively assist individuals. An estimated 2,500 men and women enter the centers annually.

The Kentucky Infrastructure Authority enacted a Water and Waste-Water Plan. The plan identifies problem areas and populations in need of infrastructure, thus keeping water and sewer rates at a minimum for low-income families.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The lack of a sufficient supply of affordable housing remains the greatest need. Access is especially difficult for individuals and families in the lowest income brackets, those with special needs, those with limited English proficiency, and the homeless or precariously housed.

Recovery Kentucky, a partnership between KHC, DLG, and the Department of Corrections, continues to serve persons who are addicted to alcohol and/or drugs. Some are homeless, at risk of homelessness, or incarcerated. Activities under this program directly address goals in the state's plan to end chronic homelessness. There are now 13 Recovery Kentucky Centers. Each center can provide beds to assist 100 clients at a time. DLG and KHC support projects that preserve affordable housing that is in danger of being lost from the already short supply. KHC's focus on housing preservation continues with the funding of 8 rental rehabilitation projects, totaling 950 units.

In the last several years, KHC worked to expand its homeownership counseling services and outreach efforts. Efforts include providing language access through translation and interpretation when it is needed to its Limited English Proficiency customers. As part of its Language Access Plan update, KHC

conducted in 2023, an internal survey using the Four Factor Analysis methods to determine the second most utilized language besides English. Spanish remains the second most frequently spoken language. Hence, KHC ensures that educational, programs and public notices are made available in Spanish to allow qualified homebuyers and other customers to have real-time access to KHC's programs. Another partnership with different cities like Bowling Green Lexington, Louisville and expanded the outreach to other LEP communities (these individuals often come from Congo, Rwanda, Haiti, Cameroon, Cuba, Honduras, Guatemala, Vietnam, Myanmar, Thailand, Nepal, Ethiopia, etc.).

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

DLG follows lead-based paint abatement guidelines during all homeowner rehabilitation activities.

KHC fully implements the lead-based paint requirements located in 24 CFR Part 35. Included are activities related to abatement, interim controls or standard practices, lead safe work practices, visual assessment/paint stabilization, and other actions required by local/state codes. KHC continues to educate and train housing providers throughout the state. Basic information is given out at implementation and application trainings. KHC promotes free training when available and maintains a section on KHC's website where interested persons can find links to important sources of information. The section entitled "Protect Your Family from Lead in Your Home can be found at <https://www.kyhousing.org/programs/landlords-and-property-managers>. KHC provides technical assistance regarding the rules and regulations in 24 CFR Part 35 when necessary and/or requested.

About 6,000 Housing Quality Standards (HQS) and NSPIRE-V inspections and construction-related inspections performed by KHC during this program year included a review of lead-based paint status. A visual assessment is performed, and if lead-based paint is suspected, the field inspector requires that the property owner hire a certified lead risk assessor and that they provide a clearance examination before the housing unit can pass the inspection.

KHC requires grantees certify that they are aware of the Environmental Protection Agency's 2008 Lead-Based Paint Renovation, Repair and Painting (RRP) Rule that became effective April 22, 2010.

KHC's HOME program's lead-safe housing activities during this fiscal year included 1 abatement, 3 interim controls or standard practices, 17 lead safe work practices, 20 visual assessment/paint stabilization, and 2 other actions required by local/state. KHC's HOPWA program's lead-safe housing activities included 56 risk assessments, 21 lead safe work practices, 355 visual assessments, and 30 paint stabilization. KHC's HTF program's lead-safe housing activities during this fiscal year included 327 abatements, 32 interim controls or standard practices, 75 lead safe work practices, and 5 visual assessment/paint stabilization. This information is derived from PR-89 for HOME, HOPWA, and HTF.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Reduction in the number of poverty-level families continues through the allocation of resources

available to the state as outlined throughout the Consolidated Plan. Activities during this program year included:

- Assets directed toward self-sufficiency programs.
- Funding for first-time homebuyers.
- Pre- and post-purchase housing counseling.
- Housing Choice Vouchers utilized for homeownership.
- Non-traditional economic development projects that provide job training and job opportunities.
- Microenterprise programs that provide training and assistance for persons to start their own small businesses.
- The Tax Credit Qualified Allocation Plan (QAP) provides incentives for de-concentration of poverty, locating projects in census tracts with lower poverty rates.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Kentucky Housing Corporation (KHC) and the Department for Local Government (DLG) administer Kentucky's block grant programs for housing and community development at the state level. Although they are separate entities, KHC and DLG work together to ensure that funding allocated by each agency meets the goals of the Consolidated Plan and Annual Action Plan. Statewide affordable housing and community development activities depend on a large network of housing developers, community housing development organizations (CHDOs), local lenders, housing authorities, community action agencies, nonprofit organizations, housing and service nonprofits, other state agencies, and local governments throughout the state. KHC and DLG also undertake activities utilizing interagency councils, the Continuum of Care, Housing Policy Advisory Committee, and other formal groups.

KHC's Board of Directors includes representatives from other state agencies and cabinets as well as private members representing lenders, builders, realtors, other housing industry professionals, and the general public. DLG is represented on KHC's board. This year, as in prior years, the Board of Directors approves KHC's annual funding allocation plan, approves multifamily and single-family bond transactions, and oversees general business strategy decisions. As it does each year, DLG presented the CDBG annual plan to the state legislature prior to it being included in the Annual Action Plan.

DLG, KHC, and the Kentucky Justice Cabinet also continued its collaboration on the Recovery Kentucky initiative.

In addition, the following continued in FY2022: Public facilities projects are funded through CDBG and coordinated between DLG, The Kentucky Infrastructure Authority, Rural Development, Appalachia Regional Commission (ARC), and the Kentucky Division of Water.

The Kentucky Interagency Council on Homelessness continues to work toward ending homelessness under My New Kentucky Home: Update of Kentucky's Strategic Plan to End Homelessness (Nov. 2018)

The Affordable Housing Trust Fund Advisory Committee continues to be an invaluable resource in the development of affordable housing. This group of internal and external parties meets quarterly. Advising on program policy is one of their responsibilities.

The statewide Housing Policy Advisory Committee's goals and objectives include the coordination of housing activities and services among state departments and agencies, the removal of regulatory and administrative barriers, and encouraging and strengthening collaborative planning and partnerships.

The annual Point-in-Time Count of persons experiencing homelessness is led by KHC and the Kentucky Balance of State CoC, with the active participation of numerous agencies and volunteers statewide.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The Recovery Kentucky program model helps the recovering individual regain a life of sobriety and to begin a journey toward permanent housing and self-sufficiency. KHC provided assistance for the construction of the facilities and DLG provides ongoing operating assistance.

KHC's FSS Program Coordinating Committee (PCC) is utilized to coordinate local service providers who would be beneficial to the FSS participants' needs. Members are representatives from state, local, public, and private groups who have resources to assist low-income families and have a commitment to family self-sufficiency. KHC's FSS program successfully graduated many households, some with substantial escrow accounts.

KHC hosts discussions surrounding the development of the tax credit Qualified Allocation Plan, which brings the public/private partnership into practice to ensure that the best decisions are made regarding the allocation of limited funding for the best impact toward the goal of creating new and preserving existing affordable multifamily units.

KHC, as the collaborative applicant for the Kentucky Balance of State Continuum of Care, has built a strong partnership with the Kentucky Department for Medicaid Services and the Cabinet for Health and Family Services Department for Behavioral Health, Developmental and Intellectual Disabilities Following completion of the Centers for Medicaid and Medicare Services (CMS) Advancing Housing Related Supports and Activities for Individuals with Substance Use Disorders (SUD) State Medicaid Learning Collaborative, this collaboration continues to focus on identifying and implementing resources and policies to increase the availability of housing supports for persons with severe mental illness (SMI) and SUD, including those experiencing homelessness. In 2025, CMS approved the Department for Medicaid services application for a 1915i State Plan Amendment to provide additional supports to persons with SMI, including those with co-occurring SUD. Among these new benefits are tenancy support services that should enhance the capacity of CoC PSH providers to provide supportive services once fully launched. In early 2026, KHC, in partnership with the Corporation for Supportive Housing, offered a Medicaid Academy to help homeless services providers across the state learn how to provide

and be reimbursed for benefits available under the new State Plan Amendment.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The state's Analysis of Impediments to Fair Housing was completed in 2025 and remains the guiding document for KHC in affirmatively furthering fair housing. The AI is posted on KHC's webpage at <https://www.kyhousing.org/Legal/Pages/Fair-Housing.aspx>. KHC follows a process for issuing Certifications of Consistency with the state's Consolidated Plan for PHAs in response to HUD's requirement that the certification state how the PHAs' plans or actions are consistent with the Consolidated Plan and Analysis of Impediments to Fair Housing. PHAs specify how their plans are consistent in a certification to KHC. All PHAs that request a certification of their PHA Plan indicate they will assist the Fair Housing Task Force with implementing solutions to impediments. Please see the attachment labeled "AI Appendix" in the CR-00 Administration Section for this CAPER for additional information.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

This CAPER and its supporting reports were made available for written public comment from August 31, 2026, to September 18, 2026. The CAPER was posted on KHC's website at <https://www.kyhousing.org/page/consolidated-and-action-plans-caper>. Advertisements appeared in the Louisville Courier-Journal, Lexington Herald-Leader, and via KHC's eGram. A Spanish version of the advertisement appeared in the Spanish language publication Al Dia. For copies of the public notices and affidavits of publication, please see the "Citizen Participation" attachment in CR-00. No comments were received during the public comment period for plan year 2025.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There are no substantial changes in program objectives.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

KHC adopted and follows affirmative marketing procedures and requirements for rental and homebuyer projects and requires sub-recipients to do the same. Affirmative marketing requirements and procedures also apply to all HOME-funded programs, including, but not limited to, TBRA and down payment assistance programs. Affirmative marketing steps consist of actions to provide information and otherwise attract eligible persons in the housing market area to the available housing without regard to race, color, national origin, sex, age, religion, marital status, familial status, disability, and actual or perceived sexual preference or gender identity. If KHC's written agreement with the project owner permits the rental housing project to limit tenant eligibility or to have a tenant preference in accordance with §92.253(d)(3), KHC has affirmative marketing procedures and requirements that apply in the context of the limited/preferred tenant eligibility for the project. Sub-recipient affirmative marketing plans are submitted to KHC's legal team for review. Because Kentucky's HOME program serves mostly rural communities, where the minority population is generally lower as compared to the White demographic, the level of minority participation is expected to be lower. However, when looking at the racial breakdown of Kentucky as a whole, where the minority population comprises roughly 10% of the total population, it appears that the HOME program's affirmative marketing efforts have been successful in ensuring that minority populations are fairly served by the HOME program.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

\$0 in HOME PI funds were awarded in KHC FY2026. This funded 0 new construction family units. In a typical year, some projects serve more than one type of population.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

KHC is the state's allocating agency for the Low-Income Housing Tax Credit Program, as well as the administrator of other sources of funding for multifamily projects. During this past fiscal year, projects allocated funding under the tax credit program also utilized blended funding including HOME, Housing Bonds, state Affordable Housing Trust Fund dollars, National Housing Trust Fund (HTF), as well as funding under the Housing Assistance Fund. KHC issues notices of funding availability for multifamily housing that combine various sources of funding for this activity into single applications. KHC worked toward a strategy to preserve as many affordable housing units as possible. By pooling smaller projects into a combined transaction, KHC was able to utilize bond funding blended with these other funding sources. KHC administers sources of funding that may be used for the rehabilitation of homeowner-occupied housing as well as weatherization. In the new 2020-2024 Consolidated Plan, KHC detailed information on the need and plan for the preservation of affordable housing.

Narrative

The data source is the HOPWA KY CAPER, which is attached to this CAPER in Section CR-00.

CR-56 - HTF 91.520(h)

Describe the extent to which the grantee complied with its approved HTF allocation plan and the requirements of 24 CFR part 93.

KHC has administered its HTF program in a manner that provides suitable housing from the standpoint of facilitating and furthering full compliance with the applicable provisions of Title VI of the Civil Rights Act of 1964, the Fair Housing Act, and HUD regulations; and promotes greater choice of housing opportunities. HTF funds have been used for the creation, preservation, and rehabilitation of affordable rental housing units that serve extremely low-income families. Projects awarded HTF funds have been reviewed and underwritten for compliance with 24 CFR 93.201 (Eligible Project Costs), 24 CFR Subpart G (Project Requirements) AND 24 CFR Subpart H (Other Federal Requirements). KHC has also adhered to 24 CFR 93.202 when utilizing HTF funds for administrative and planning costs.

KHC monitors to ensure that all of the properties we've funded have a VAWA (Violence Against Women Act) plan in place. The property plans are typically to move someone in a domestic violence situation to another unit or complex under the same ownership.

Narrative

0 organizations that received HOME or HTF funds made hires that are Section 3 residents. 3 organizations that receive HOME funds and 1 organization that received HTF funds attempted to recruit low-income residents through local advertising media, signs prominently displayed at the project site, contracts with the community organizations and public or private agencies operating within the metropolitan area (or nonmetropolitan county) in which the Section 3 covered program or project is located, or similar methods. Missing information is due to the reporting process having not yet been updated to match the new reporting format due to the significant lag between funding and construction completion.

DLG funded 13 construction projects in 2025. All construction contracts include Section 3 language, for example, “If a Section 3 Plan was required, documentation that it was carried out must be recorded”. There were no section 3 workers reported to DLG in the 2025 program year.

Analysis of Impediments Appendix

CR-35: Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The state's Analysis of Impediments to Fair Housing was completed in April 2025 and remains the guiding document for KHC in affirmatively furthering fair housing for this reporting period. The AI lists state- and local municipal-level impediments to fair housing in Kentucky. All KHC recipients are required to identify which of those impediments their projects would work to eliminate, and how they planned to do so. Also, KHC revised its process for issuing Certifications of Consistency with the state's Consolidated Plan for PHAs in response to HUD's requirement that the certification state how the PHA plans or actions are consistent with the Consolidated Plan and Analysis of Impediments to Fair Housing. Currently, PHAs specify how their plans are consistent in a certification to KHC.

The Department for Local Government (DLG) informs all cities and counties, via the DLG website, of all trainings, notices, and initiatives undertaken by KHC, The Kentucky Commission on Human Rights, and The Kentucky Fair Housing Council.

These steps are outlined more fully in the state's AI, but KHC has taken all due steps to implement them. In addition, KHC has taken the following actions to affirmatively further fair housing: KHC continues to review and revamp its services for the LEP population as needed, increase the number of documents translated into Spanish, and translate other documents or seek out interpreters as needed. KHC consistently reinforces its efforts to provide meaningful access to services, programs, and benefits to individuals with Limited English Proficiency. KHC displays Fair Housing posters in all KHC offices in English and Spanish. In addition, the posters are sent to funding recipients. Initial assistance to LEP clients is provided by KHC onsite staff as available to assess issues and as needed, by outside interpretation services. KHC's advertisements for public hearings includes provisions for LEP populations upon request and translated into Spanish to invite LEP populations to participate. KHC's website is available in Spanish and several other languages. At departmental levels, vital program documents are translated in Spanish, and other languages as needed, to increase access to services. (Tenant Assistance Program, Single Family Programs, Kentucky Point-In-Time Count survey for the homeless, CoC Program, Emergency Solutions Grants Program, etc.) KHC updated in its Language Access Plan (LAP) in January 2023.

As an administrator of housing programs, KHC provides educational and technical assistance regarding fair housing whenever possible. KHC continues to include fair housing compliance requirements in all contracts with subrecipients. At the program level, KHC continues to work with all its sub-recipients who receive pass-through federal funding to expand participation. To ensure compliance, KHC will annually implement the Title VI self-survey by sending it to recipients receiving funding. KHC's fair housing coordinator oversees the Title VI survey process, with program recipients' responses carefully evaluated for compliance. Any survey response which is not satisfactory is sent back for further review, clarification, or investigation as needed. As part of its ongoing Title VI review efforts, KHC requires that agencies who indicate that their boards fail to have any minority members must also provide KHC with an explanation as to why.

The KHC legal department continues to present fair housing training when needed, including training all new KHC employees and providing refresher trainings to current KHC employees. In 2024, KHC trained all staff on fair housing with a larger focus on issues they may face when directly interacting with subrecipients and the public in their job. The KHC legal department, on an ongoing basis, reviews documents submitted by KHC partners for fair housing compliance.

Fair Housing Action Plan

The Fair Housing Action Plan includes recommended actions for KHC and DLG. Many of these recommended actions have been actively addressed over the past five years since the last AI (see Tables 1a and 1b, Progress Since Last AI found in the 2025 – 2029 Consolidated Plan: <https://www.kyhousing.org/Planning-Documents/Pages/Consolidated-Plan.aspx>). The reason for this categorization is that KHC and DLG, within their own agencies' missions, have many worthwhile programs and initiatives that affirmatively further fair housing, and these must be continued. We recognize that many of these actions will be ongoing efforts, and that KHC and DLG are currently doing many of these action items. Fair housing is a complex issue, and it will require ongoing collaboration beyond the next five years to achieve comprehensive fair housing goals.

Impediment	Strategy	2025-2029 Action Steps
Fair Housing Education and Outreach	Continue to financially and administratively support bilingual housing counseling and education efforts.	- KHC remains committed to financially and administratively supporting bilingual housing counseling and education efforts. - KHC will continue to support the efforts of its mortgage production administrators to coordinate marketing, outreach, education, and engagement activities and review KHC's internal policies and practices to ensure multicultural populations are effectively served.
	Continue to collaborate with the Kentucky Commission on Human Rights and Kentucky Fair Housing Council, Inc., to expand education and outreach efforts and to identify gaps in need of additional efforts.	KHC will continue to provide monetary and administrative support to these fair housing organizations for their training and other activities.
	Continue outreach and education efforts on the housing supply gap, including dissemination of information found in the Housing Supply Gap Analysis, to relevant stakeholders and legislators.	KHC will continue to actively provide outreach and education efforts to highlight the housing gaps in Kentucky to the legislature and stakeholders.

Impediment	Strategy	2025-2029 Action Steps
Expansion and Preservation of Affordable Housing in a Variety of Locations	Continue to allocate LIHTC funding to projects that prioritize higher opportunity areas and avoid concentrations of affordable housing.	KHC will continue to actively prioritize higher opportunity areas in KHC's QAP and Multifamily Guidelines to discourage high concentrations of affordable housing.
	Continue to create opportunities for first-time homebuyers through the Down Payment Closing Cost Assistance Program and the Homebuyer Loan Program for income-eligible, first-time homebuyers (not using HOME funds).	KHC will continue to actively promote the DAP and Homebuyer Loan programs to assist first-time homebuyers to purchase an affordable home.
	Continue the AHTF Home Rehab Program and the Weatherization Assistance Program to preserve the existing affordable housing inventory and lower homeowner costs.	KHC will continue to promote the AHTF Home Rehab Program and the Weatherization Assistance Program to preserve affordable housing.
	Continue to advocate for affordable housing resources among local, state, and Congressional delegations.	KHC remains committed to its legislative outreach and education efforts at the federal and state levels and anticipates continuing this over the next five years.
	Continue the Tenant-Based and Project-Based Rental Assistance Programs to ensure affordable rental assistance for protected classes across the state, including assistance to individuals with disabilities and those recovering from substance abuse. Roll out expanded number of vouchers through HUD Section 811 award.	KHC will continue to promote the Tenant-based and Project-Based Rental Assistance Programs to ensure affordable rental assistance for protected classes across the Commonwealth. The HOME TBRA Program will continue to provide temporary assistance to individual households to help them afford the housing costs of market-rate units, while the PHA voucher program will continue to provide rental assistance to eligible households.

Impediment	Strategy	2025-2029 Action Steps
	Continue to seek CoC funding to provide affordable housing options and related services for protected classes.	KHC will continue to seek CoC funding for housing and services solutions for persons experiencing homelessness.
	Evaluate tools and methods to connect people to housing, such as housing service locator tools.	KHC will continue to support Padmission, LLC to provide a platform to connect people to housing via a housing service locator tool. In addition, KHC will work to ensure the participation of all LIHTC properties in the Padmission system.
Enforcement of Design and Construction Requirements	- Continue the allocation of funding to projects that include accessibility design features such as aging-in-place, universal design, ADA, and UFAS construction standards, including: - Expand the certification of compliance with design. - Require that general contractors involved in the design and construction of new multifamily residential properties sign the certification form, in addition to owners/developers and architects. - Continue allocation of funding to projects that include accessibility design features such as aging-in-place, universal design, ADA, and UFAS construction standards.	KHC will continue to require that all projects complete a Certificate of Compliance with Design Standards and ensure that the design complies with all applicable federal, state, and local accessibility requirements. In addition, KHC will require funding applicants to continue to identify which impediments in the AI their projects will work to eliminate, and how they plan to do so.

Impediment	Strategy	2025-2029 Action Steps
Ensure Access to Programs and Services for LEP Populations	Annually update the LAP to reflect a review of any demographic changes statewide and in each county, and the results of monitoring for the effectiveness of the plan's implementation.	KHC will annually update the LAP to reflect a review of any demographic changes statewide and for each county. Translating applications, informational materials, and important notices into multiple languages increases the number of non-English speaking residents able to benefit from programs and services. In addition, KHC will continue to work with interpreters to provide services to LEP populations as needed.
	Evaluate collecting preferred language data at the time of single-family loan origination to provide improved loan servicing to LEP populations.	KHC will continue to evaluate collecting preferred language data at the time of single-family loan origination to provide improved loan servicing to LEP populations.

Step 5: Project Outcomes

Project outcomes are required for all CAPERS where the program year start date is 1-1-2021 or later. This form replaces the narrative in CR-70 of the eCon Planning Suite.

From the Action Plan that covered ESG for this reporting period copy and paste or retype the information in Question 5 on screen AP-90: "Describe performance standards for evaluating ESG."

KHC has implemented ESG Performance Standards for all subrecipient agencies. The primary outcomes KHC will monitor will be those established by HUD as part of the CoC System Performance Measures that are relevant to ESG programs, which includes:

- Reduction in the average and median length of time persons remain homeless;
- Reduction in the percent of persons who return to homelessness;
- Reduction in the number of persons who are homeless;
- Number of persons who become homeless for the first time;
- Successful placement from Street Outreach; and
- Successful placement in or retention of Permanent Housing

KHC will also focus on outcomes established in All in: The Federal Strategic Plan to Prevent and End Homelessness, which calls for coordinated efforts to end homelessness for veterans, youth, families, and chronically homeless in addition to persons experiencing homelessness overall.

Based on the information from the Action Plan response previously provided to HUD:

1. Briefly describe how you met the performance standards identified in A-90 this program year. *If they are not measurable as written type in N/A as the answer.*

This program year, the KY Balance of State successfully met several ESG performance standards, most notably a continued decrease in returns to homelessness across projects. This downward trend reflects our expanded efforts to provide ongoing case management after housing placement, the addition of improved case management tools, planning resources, and statewide training across all 118 Kentucky counties, and targeted technical assistance provided by our designated Supportive Services Technical Administrator to strengthen case management, housing placement and long-term stability.

We also saw improvements in successful exits from Street Outreach, Emergency Shelter, Transitional Housing, and Rapid Rehousing, with Street Outreach exits increasing by 12.8%. These gains were further supported by an expanded Coordinated Entry team that has strengthened collaboration with the HMIS team and VSPs, along with intensive Street Outreach-specific training designed to bolster outreach case managers across the state.

2. Briefly describe what you did not meet and why. *If they are not measurable as written type in N/A as the answer.*

During this program year, a few ESG performance standards were not met due to statewide housing challenges and economic pressures. The average and median length of time persons remained homeless increased across all projects, driven by both affordability and a significant lack of available housing units; in fact, KHC partnered with a research group to complete a Housing Gaps Analysis that identified a substantial shortage of affordable units in Kentucky.

Additionally, the total number of individuals entering HMIS rose, including a matching increase in first-time homelessness, indicating higher inflow despite improvements in positive exits. This increase appears tied to broader economic strains as well as ongoing affordability and availability barriers. While ESG Prevention activities remain a priority to help stabilize households, the end of ERA2 funding during this reporting period reduced resources available for prevention, further affecting performance outcomes.

OR

3. If your standards were not written as measurable, provide a sample of what you will change them to in the future? *If they were measurable and you answered above type in N/A as the answer.*

N/A

Step 8: Program Income

Program income is the income received by the recipient or subrecipient directly generated by a grant supported activity. Program income is defined in 2 CFR §200.307. More information is also available in the [ESG CAPER Guidebook](#).

Did the recipient earn program income from any ESG project during the program year?

2025 HOPWA CAPER

Housing Opportunities for Persons With AIDS (HOPWA) Program	
Revised: 06/11/2025	
Consolidated APR/CAPER – HOPWA Grantee	
OMB Approval No. 2506-0117 (Expiration Date: 12/31/2025)	
Burden Statement	
The purpose of this information collection is to meet the Housing Opportunities for Persons With AIDS (HOPWA) annual reporting requirements. Reporting is required for all HOPWA grantees pursuant to 42 U.S.C. § 12911; 24 CFR § 574.520(a) and (b); and 24 CFR § 591.520(f). The information collected on this form is required to obtain a benefit. It will not be confidential. The public reporting burden for this collection of information is estimated to average 40 hours, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. This includes the time for collecting, reviewing, and reporting the data. HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a currently valid OMB control number. OMB Approval No. 2506-0117 (Expiration Date: 12/31/2025).	
Term	Definition
Viral Suppression	When the load or volume of HIV virus present in a person's blood is measured at less than 200 copies per milliliter of blood.
Adjustment for Duplication	Removal of duplicate entries when a household/unit received more than one type of HOPWA assistance, which enables the calculation of unduplicated output totals. For example, if a household received both HOPWA TBRA and HOPWA PHP from the same project sponsor, adjusting for duplication would ensure that household was only counted once when calculating the HOPWA housing subsidy assistance household total.
Administrative Agent	An entity the grantee has selected to carry out administrative activities on behalf of the grantee. When a grantee utilizes another organization to carry out some or all of the grantee's administrative functions, the administrative activities, costs, and terms of payment should be clearly delineated in a contract or other written agreement between the parties. All costs associated with administering the grant, whether incurred by the grantee or the other organization, are subject to the 3% administrative cost limit. For the purposes of HOPWA annual performance reporting, the administrative agent would not complete a separate "Provider Workbook."
Administrative Costs	Costs for general management, oversight, coordination, evaluation, and reporting (24 CFR § 574.3). By statute, grantee administrative costs are limited to 3% of the total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive (42 U.S.C. § 12911).
Anti-Retroviral Therapy	A use of a combination of medications to treat HIV.
Area Median Income (AMI)	The Department of Housing and Urban Development (HUD) sets income limits that determine eligibility for assisted housing programs including the HOPWA program. HUD develops income limits based on Median Family Income estimates and Fair Market Rent area definitions for each metropolitan area, parts of some metropolitan areas, and each non-metropolitan county. AMI values vary by location and are published at https://www.huduser.gov/portal/datasets/wi.html .
Beneficiary(ies)	All members of a household (with or without HIV) who benefited from HOPWA assistance during the operating year, not including the HOPWA-eligible individual (see definition).
Chronically Homeless Person	A person defined as chronically homeless under 24 CFR 578.3. (3) A homeless individual with a disability as defined in section 401(b) of the McKinney-Vento Assistance Act (42 U.S.C. 11360(b)) who: a) lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and b) has been homeless and living as described for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions included at least 7 consecutive night of not living as described; (2) An individual who has been residing in an institutional care facility, including jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria of this definition before entering that facility; or (3) A family with an adult head of household (or, if there is no adult in the family, a minor head of household) who meets all of the criteria of this definition, including a family whose composition has fluctuated while the head of household has been homeless.)
Contractor	A contractor is an entity that receives a legal instrument (contract) by which a grantee or project sponsor purchases property or services needed to carry out the project or program under a federal award. The purpose of the contract is to obtain goods and services for the grantee/project sponsor's own use and create a procurement relationship with the contractor. Characteristics indicative of a procurement relationship between the grantee and a contractor are when the contractor: provides the goods and services within normal business operations; provides similar goods or services to many different purchasers; normally operates in a competitive environment; provides goods or services that are ancillary to the operation of the HOPWA program; and is not subject to compliance requirements of the HOPWA program as a result of the agreement, though similar requirements may apply for other reasons (2 CFR 200.333)(b). For purposes of HOPWA annual performance reporting, contractors do not submit a separate "Provider Workbook."
Facility-Based Housing Assistance	Leasing, operating, and hotel/motel expenditures to support units or facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.
Faith-Based Organization	Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.
Grassroots Organization	An organization that is headquartered in the local community where it provides services, has a total services budget of \$300,000 or less annually, and has six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."
HOPWA-Eligible Individual	The one low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "head of household." A child may also qualify the household for HOPWA assistance. When the annual performance report asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH(A)s would be considered a beneficiary(s).
Housing Information Services	Costs to provide counseling, information, or referral services to assist eligible persons to locate, acquire, finance, and maintain housing (24 CFR § 574.330)(1)(i). Some eligible costs under Housing Information Services include staff time to assist eligible clients in searching for or locating appropriate housing whether HOPWA-subsidized or not; staff time to provide fair housing guidance for eligible households who may encounter discrimination on the basis of race, color, religion, sex, age, national origin, familial status, or disability; staff time to provide housing counseling to acquire and finance housing; and development and use of homeless management information system (HMIS) elements to coordinate housing assistance for eligible households. HMIS costs billed to housing information services must be pre-rated and not include HMIS reporting. Use of HMIS for reporting purposes is considered an administrative activity and must be billed to administrative costs.
HOPWA Housing Subsidy Assistance Total	The unduplicated number of households receiving housing subsidies (TBRA, STRMIL, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the program year for formula grantees and the operating year for competitive grantees.
Household	A single individual or a family, as defined in 24 CFR 574.3. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-household members (e.g., a shared housing arrangement with a roommate) who resided in the unit are not reported in the annual performance report.
Improved HIV Viral Load	A reduction in the load or volume of HIV present in the HOPWA-eligible individual's blood at the end of the operating year compared to the beginning of the operating year. Most people with HIV/AIDS (PWH) who are engaged in medical care have routine laboratory tests. The HOPWA-eligible individual's two most recent laboratory reports can be used to determine viral load improvement, even if the first laboratory test was performed in a prior operating year.
In-Kind Leveraged Resources	These are additional types of support provided to assist HOPWA-eligible individuals such as volunteer services, materials, use of equipment, and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR part 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sale, advertised prices, appraisals, or other information for comparable property similarly situated.
Leasing Costs	Costs used to lease all or a portion of a building as needed to provide housing to eligible households. For eligible individuals or families unable to hold leases in their names, funding may be used to "master lease" units, where the eligible households choose the units, the grantee or project sponsor leases the units and pays the full rent to the landlord, and the eligible households pay the grantee or project sponsor the amount required by 24 CFR 574.330(d). This type of master leasing can be administered as "turn-key" housing assistance, to be replaced with Tenant-Based Rental Assistance (TBRA) if the landlord agrees to transfer the lease to the eligible person. Funding may also be used to master lease units to be operated as transitional housing for eligible households. For example, post-incarceration programs often lease a unit to temporarily house an eligible household returning to the community until other more permanent housing arrangements can be made. The lease is always in the organization's name. The furniture, housing equipment, and supplies, eligible under the operating budget line item, belong to the organization and remain in the unit for the next household's use. Eligible leasing costs include the cost to lease a housing facility or scattered-site units, staff time to negotiate lease terms with lessor or landlord, and annual housing inspections to ensure HOPWA habitability standards are met for scattered-site units assisted with leasing.
Leveraged Funds	The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources. Leveraged funds are used to further support HOPWA clients receiving assistance during the operating year for formula grantees, or under the applicable competitive grant.
Live-In Aide	A person who resides with the HOPWA-eligible individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not organized for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See 24 CFR § 4403 and the HOPWA Grantee Oversight Resource Guide for additional reference.

Master Leasing	Applies to the leasing of units of housing (scattered sites or entire buildings) from a landlord by a nonprofit or public agency that subleases the units to HOPWA-eligible tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.
Minimum Use Periods	Grantees that used HOPWA funding for new construction, acquisition, conversion, lease, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible individuals for a 30-year period. In the case of non-substantial rehabilitation or repair of a building or structure, the minimum use period is not less than 5 years. If no further HOPWA funds are used to support the facility, in place of completing the "CAP DE" tab in the Performance Report Worksheet, the grantee must complete an "Annual Report of Continued Project Operation" throughout the required use periods. This report is found on the "STRATEGIES" tab of the Grantee Workbook.
Medically Assisted Living Facilities	HOPWA facility-based housing that assists residents with most or all activities of daily living, such as meals, bathing, dressing, and toileting. Regular medical care, supervision, and rehabilitation are also often available.
Operating Costs	Costs of operating a housing facility owned or leased by the grantee or project sponsor, to the extent the costs are necessary to house eligible households. Eligible operating costs include utilities, property insurance, minor repairs, and upkeep of the facility, maintenance both inside and outside the facility, procurement and contracting of services for facility operation or maintenance, furniture and appliances that will remain with the facility, food purchases and kitchen operation for HOPWA household at the facility, and staff time for directing any of the eligible operating costs mentioned above at the facility for eligible households (24 CFR §574.300(b)(3)).
Operating Year – Competitive grantees	HOPWA competitive grants are awarded for a 3-year period of performance with annual performance reports submitted for each of the 3 operating years. The information contained in this performance report should reflect the grantee's operating year with the beginning date determined at the time the grant agreement is signed. Project sponsor accomplishment information must coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for one additional operating year. A FSI renewal/replacement grant start date would be coordinated with the close out of the existing grant. Grantees with an approved extension period of less than 6 months must submit the Performance Report for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6 months or more must turn in a Performance Report at the end of the operating year and submit a separate extension Performance Report at the end of the extension period.
Operating Year – Formula grantees	HOPWA Formula Grantees follow the Grantee Program Year as established by the Consolidated Planning Process. All CDF Programs (HOME/ESG/CDBG/HOPWA) use the same 12-month period as their Operating Year for performance reporting. The information contained in each annual performance report must represent a one-year time period of HOPWA program operation that coincides with the grantee's program year. HOPWA Formula Grantees are annually awarded grants with a 3-year period of performance, as established by the Trustee signature date on the Grant Agreement. Since Grant period of performance varies from Fiscal Year to Fiscal Year, and do not necessarily coincide with a Grantee's Operating Year, funds from more than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the annual performance report must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also align with the operating year the annual performance report covers.
Outcome	The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness and improve access to HIV treatment and other health care and support.
Output	The number of units of housing or households that receive HOPWA assistance during the operating year.
Permanent Housing Placement (PHP)	Eligible costs under PHP include security deposits not to exceed two months of rent, rental application fees, credit checks, one-time utility hook-up fees paid directly to the utility company, utility arrears only if the cost is creating a barrier to establishing permanent housing in a new unit, rent arrears only if paid due rent debt at a prior unit is a barrier to accessing a new unit, initial housing inspections, reasonable travel costs to units for initial housing inspections, staff time to review and identify causes for eviction and responsibilities of the tenant within the last, staff time for assisting clients with executing the lease, and staff time for resolving landlord issues directly related to the PHP assistance being provided. PHP can be used in conjunction with TBRA where PHP pays the security deposit and TBRA covers ongoing monthly rent payments starting with the first month. PHP must only be used to assist the client in entering permanent housing. PHP must never be used for monthly rent or ongoing utility costs where a client is already in permanent housing. Although PHP is included as a supportive service under 24 CFR 574.300(b)(7), HUD has established a dedicated BU for PHP to distinguish it from other supportive services.
Program Income	As defined in 2 CFR 200.3, program income is income earned by the grantee or project sponsor that is directly generated by a supported activity or earned as a result of the grant during the period of performance (except as provided by 2 CFR 200.307). See grant administration requirements on program income at 2 CFR 200.307 and the Federal award.
Project-Based Rental Assistance (PBRA)	A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.
Project Sponsor Organizations	Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.
Resource Identification	Resource identification funds may be used to establish, coordinate, and develop permanent housing assistance resources for eligible persons (including conducting preliminary research and making expenditures necessary to determine the feasibility of specific housing-related initiatives) (24 CFR § 574.300(b)(2)). Activities can include increasing coordination with local initiatives, systems, or strategies (such as the local Continuum of Care or Ryan White Planning Council) to house HOPWA-eligible individuals, development of new housing resources, and conducting community needs assessments to inform system design.
Rural	For purposes of HOPWA reporting, a rural county is a county in which: (1) Has no part of it within an area designated as a standard metropolitan statistical area by the Office of Management and Budget; or (2) is within an area designated as a metropolitan statistical area or considered as part of a metropolitan statistical area and at least 75% of its population is local on U.S. Census blocks classified as non-urban; or (3) is located in a state that has a population density of less than 10 persons per square mile (as reported in the most recent decennial census), and of which at least 1.25% of the total acreage of such State is under Federal jurisdiction.
Short-Term Rent, Mortgage, and Utility (STRMU) Assistance	Short-term rent, mortgage, and utility payments to prevent the homelessness of the tenant or mortgagee of a dwelling (24 CFR 574.300(b)(4)). Eligible STRMU costs include up to 23 weeks of the HOPWA-eligible individual's rent, mortgage, and/or utility costs, and the costs of staff time to review and determine household's need for STRMU assistance and make the STRMU payments. For the purposes of STRMU assistance, to the extent that taxes, insurance, condominium fees, or other building operation costs are included in the monthly mortgage payment either by federal regulation or the terms of the mortgage, these expenses are eligible to be included in the STRMU mortgage assistance payments. STRMU mortgage assistance for taxes, insurance, or condo fees that are not included on the monthly mortgage statement are not eligible.
Stewardship Units	Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction, and/or rehabilitation that no longer receive operating subsidies from HOPWA. Support information for the units is subject to the 3-year use agreement if rehabilitation is non-substantial and to the 30-year use agreement if rehabilitation is substantial.
Sub-Recipient	For the purposes of the HOPWA program, a sub-recipient is an organization that receives funds under a contract with the project sponsor to carry out eligible HOPWA activities. For the purposes of HOPWA annual performance reporting, a sub-recipient organization does not need to submit a separate "Provider Workbook." The sub-recipient's HOPWA activities should be included in the "Provider Workbook" of the project sponsor with whom they have a contract.
Supportive Services	Costs include providing housing stability services, assistance in gaining access to mainstream resources, public benefits, healthcare and support positive health outcomes. However, health services may only be provided to individuals with acquired immunodeficiency syndrome or related diseases and not to family members of these individuals. Eligible supportive services costs include staff time to develop, update and review individualized housing and service plans for clients; staff time to connect households to appropriate services and treatment in accordance with their housing and service plans, management level consultation (case staffing), health and mental health assessment services; direct outpatient treatment by licensed professionals of mental health services; substance use disorder services provided by licensed or certified professionals; individual, family, or group therapy to address co-occurring disorders; nutritional services including food banks, nutritional supplements, and counseling by certified nutrition specialists; life skills trainings such as budgeting resources, resolving conflict, using public transportation, unit maintenance, credit counseling; education services including instruction or training in consumer education, health education, substance abuse prevention, literacy, English as a Second Language, and General Educational Development (GED); job training or job coaching including resume development; client transportation to and from medical care, employment, child care, or other eligible essential services facilities; and HOPWA provider transportation to meet with clients for supportive service needs (24 CFR §574.300(b)(7)).
Tenant-Based Rental Assistance (TBRA)	TBRA is a rental subsidy program that grantees can provide to help low-income households access affordable housing. HOPWA does not place restrictions on the length of time eligible persons may receive TBRA. Grantees should provide the opportunity for eligible households to transition in place to self-sufficiency or another subsidy. Eligible TBRA costs include rental payments, staff time to verify household income for TBRA assistance, calculation of resident rent payment, monthly rental payments, procuring a TBRA rental payment on behalf of the HOPWA-eligible individual, annual housing inspections to ensure HOPWA habitability standards are met for units being assisted with TBRA, reasonable travel costs to units for housing inspections, review of a client's selected unit for rent reasonableness and rent standard, annual recertification for households receiving ongoing TBRA, and staff time for resolving landlord issues directly related to providing the TBRA assistance.

VAWA Internal Emergency Transfers	Per 24 CFR 5.2005e, an internal emergency transfer under the Violence Against Women Act (VAWA) protections refers to an emergency relocation of a tenant to another unit where the tenant would not be categorized as a new applicant; that is, the tenant may reside in the new unit without having to undergo an application process.
VAWA External Emergency Transfers	Per 24 CFR 5.2005e, an external emergency transfer under the VAWA protections refers to an emergency relocation of a tenant to another unit where the tenant would be categorized as a new applicant; that is, the tenant must undergo an application process in order to reside in the new unit.
Veteran	A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

Instructions for Completing the HOPWA Provider Performance Report Workbook

What is the HOPWA Provider Performance Report Workbook?

This workbook provides annual performance data for HOPWA activities. This includes outputs (e.g., households served and demographic information), outcomes (e.g., access to care and support outcomes) and expenditures (for HOPWA-eligible costs).

This data will be compiled by the HOPWA Formula or Competitive Grantees, as part of providing annual performance reporting to HUD.

Who completes this form?

This workbook will be completed by **any organization** that conducts any HOPWA activities other than administrative activities. This includes HOPWA Formula or Competitive Grantees that conduct other HOPWA activities besides administrative activities, and the **Project Sponsor** organizations that Grantees contract to provide HOPWA services (as defined in 24 CFR 574.3).

There should be one organization's HOPWA activities reported in each workbook. Each organization should complete a separate performance report workbook that only includes the HOPWA activities conducted by that organization.

What tabs should be completed for this report?

The Performance Report Workbook requires the completion of the following tabs:

- **DEM (Demographics) & Prior Living (see Note)**
- **Leveraging**
- **ATC (Access to Care) & Totals**

ONLY PROJECT SPONSORS* should complete these tabs:

- **HOPWA Provider**
- **CONTACT**

* For Grantees that are approved to conduct Resource Identification or Technical Assistance activities, please report your expenditure amounts for those budget line items in the **HOPWA Provider** tab. These are the only cells that you will need to complete in the **HOPWA Provider** tab.

Note: Complete Prior Living information only for individuals served by TBRA, P-FBH, ST-TFBH or PHP.

The remaining tabs should **ONLY** be completed based on HOPWA services provided by the organization completing this workbook.

Leave tabs untouched if the activity is not provided by the organization.

- **TBRA (Tenant-Based Rental Assistance)**
- **P-FBH (Permanent Facility-Based Housing)**

Instructions for Completing the HOPWA Provider Performance Report Workbook

What is the HOPWA Provider Performance Report Workbook?

This workbook provides annual performance data for HOPWA activities. This includes outputs (e.g., households served and demographic information), outcomes (e.g., access to care and support outcomes) and expenditures (for HOPWA-eligible costs). This data will be compiled by the HOPWA Formula or Competitive Grantees, as part of providing annual performance reporting to HUD.

Who completes this form?

This workbook will be completed by **any organization** that conducts any HOPWA activities other than administrative activities. This includes HOPWA Formula or Competitive Grantees that conduct other HOPWA activities besides administrative activities, and the **Project Sponsor** organizations that Grantees contract to provide HOPWA services (as defined in 24 CFR 578.3). There should be one organization's HOPWA activities reported in each workbook. Each organization should complete a separate performance report workbook that only includes the HOPWA activities conducted by that organization.

What tabs should be completed for this report?

The Performance Report Workbook requires the completion of the following tabs:

- **DEM (Demographics) & Prior Living (see Note)**
- **Leveraging**
- **ATC (Access to Care) & Totals**

ONLY PROJECT SPONSORS* should complete these tabs:

- **HOPWA Provider**
- **CONTACT**

* For Grantees that are approved to conduct Resource Identification or Technical Assistance activities, please report your expenditure amounts for those budget line items in the **HOPWA Provider** tab. These are the only cells that you will need to complete in the **HOPWA Provider** tab.

Note: Complete Prior Living information only for individuals served by TBRA, P-FBH, ST-TFBH or PHP.

The remaining tabs should **ONLY** be completed based on HOPWA services provided by the organization completing this workbook.

Leave tabs untouched if the activity is not provided by the organization.

- **TBRA (Tenant-Based Rental Assistance)**
- **P-FBH (Permanent Facility-Based Housing)**
- **ST-TFBH (Short-Term or Transitional Facility-Based Housing)**
- **STRMU (Short-Term Rent, Mortgage and Utilities Assistance)**
- **PHP (Permanent Housing Placement Assistance)**
- **Housing Info (Housing Information Services)**
- **Supp Svcs (HOPWA Supportive Services)**
- **Other Competitive Activity**
- **CAP DEV (Capital Development)**
- **VAWA (Housing Transfers for Households Covered by the Violence Against Women Act)**

Important Information

To ensure the integrity of this reporting form, please do not DELETE or ALTER any rows, columns, tabs, or the NAME of the report.

This form requires the entry of data only where applicable, with no other actions required.

- 1 Enter text in empty cells next to questions.
- 2 Enter numbers where the entry reads "0" and the answer is an amount greater than zero.

SUBMISSION INSTRUCTIONS

- Once complete, the Project Sponsor should return the entire workbook to the Grantee in the manner and timeline prescribed by the Grantee.
- The report **MUST** be submitted in this Excel format.
- DO NOT alter the name of this file; return it to the Grantee with the file name as provided.
- The Grantee is responsible for reviewing this report and submitting it to HUD. Project Sponsors **should not** submit this report to HUD; only to the Grantee.
- The Grantee may be contacted by HUD or a HUD contractor regarding the accuracy of this report.
- Please contact the Grantee if you require support submitting this form.
- Submission of the collection of separate workbook files satisfies the HOPWA annual performance reporting submission requirements to HUD. No additional uploads or submission methods (i.e., eCon Planning Suite, SharePoint, etc.) are required.

Housing Opportunities for Persons With AIDS (HOPWA) Program	
Revised: 05/11/2021	
Consolidated AFR/CAPER – HOPWA Grantee	
OMB Approval No. 2506-0117 (Expiration Date: 12/31/2025)	
Burden Statement	
The purpose of this information collection is to meet the Housing Opportunities for Persons With AIDS (HOPWA) annual reporting requirements. Reporting is required for all HOPWA grantees pursuant to 42 U.S.C. § 12911; 24 CFR § 574.520(a) and (b); and 24 CFR § 91.520(f). The information collected on this form is required to obtain a benefit. It will not be confidential. The public reporting burden for this collection of information is estimated to average 40 hours, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. This includes the time for collecting, reviewing, and reporting the data. HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a currently valid OMB control number. OMB Approval No. 2506-0117 (Expiration Date: 12/31/2025).	
Term	Definition
Viral Suppression	When the load or volume of HIV virus present in a person's blood is measured at less than 200 copies per milliliter of blood.
Adjustment for Duplication	Removal of duplicate entries when a household/unit received more than one type of HOPWA assistance, which enables the calculation of unduplicated output totals. For example, if a household received both HOPWA TBRA and HOPWA PWP from the same project sponsor, adjusting for duplication would ensure that household was only counted once when calculating the HOPWA housing subsidy assistance household total.
Administrative Agent	As entity the grantee has selected to carry out administrative activities on behalf of the grantee. When a grantee utilizes another organization to carry out some or all of the grantee's administrative functions, the administrative activities, costs, and terms of payment should be clearly delineated in a contract or other written agreement between the parties. All costs associated with administering the grant, whether incurred by the grantee or the other organization, are subject to the 3% administrative cost limit. For the purposes of HOPWA annual performance reporting, the administrative agent would not complete a separate "Provider Workbook."
Administrative Costs	Costs for general management, oversight, coordination, evaluation, and reporting (24 CFR § 574.3). By statute, grantee administrative costs are limited to 3% of the total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive (42 U.S.C. § 12911).
Anti-Retroviral Therapy	A use of a combination of medications to treat HIV.
Area Median Income (AMI)	The Department of Housing and Urban Development (HUD) sets income limits that determine eligibility for assisted housing programs including the HOPWA program. HUD develops income limits based on Median Family Income estimates and Fair Market Rent area definitions for each metropolitan area, parts of some metropolitan areas, and each non-metropolitan county. AMI values vary by location and are published at https://www.huduser.gov/portal/datasets/ami.html .
Beneficiary(ies)	All members of a household (with or without HIV) who benefited from HOPWA assistance during the operating year, not including the HOPWA-eligible individual (see definition).
Chronically Homeless Person	A person defined as chronically homeless under 24 CFR 578.3. (3) A homeless individual with a disability as defined in section 401(1) of the McKinney-Vento Assistance Act (42 U.S.C. 11360) (i) who: a) lives in a place not meant for human habitation, a safe haven, or in an emergency shelter, and b) has been homeless and living as described for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions is no more than 30 consecutive days of not living as described; (2) An individual who has been residing in an institutional care facility, including jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria of this definition before entering that facility; or (3) A family with an adult head of household (or, if there is no adult in the family, a minor head of household) who meets all of the criteria of this definition, including a family whose composition has fluctuated while the head of household has been homeless.)
Contractor	A contractor is an entity that receives a legal instrument (contract) by which a grantee or project sponsor purchases property or services needed to carry out the project or program under a Federal award. The purpose of the contract is to obtain goods and services for the grantee/project sponsor's own use and creates a procurement relationship with the contractor. Characteristics indicative of a procurement relationship between the grantee and a contractor are when the contractor: provides the goods and services within normal business operations; provides similar goods or services to many different purchasers; normally operates in a competitive environment; provides goods or services that are ancillary to the operation of the HOPWA program; and is not subject to compliance requirements of the HOPWA program as a result of the agreement, though similar requirements may apply for other reasons (2 CFR 200.331(b)). For purposes of HOPWA annual performance reporting, contractors do not submit a separate "Provider Workbook."
Facility-Based Housing Assistance	Leasing, operating, and hotel/motel expenditures to support units or facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.
Faith-Based Organization	Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.
Grassroots Organization	An organization that is headquartered in the local community where it provides services, has a social services budget of \$300,000 or less annually, and has six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."
HOPWA-Eligible Individual	The one low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "head of household." A child may also qualify the household for HOPWA assistance. When the annual performance report asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH(A)s, would be considered a beneficiary(s).
Housing Information Services	Costs to provide counseling, information, or referral services to assist an eligible person to locate, acquire, finance, and maintain housing (24 CFR § 574.330)(1). Some eligible costs under Housing Information Services include staff time to assist eligible clients in searching for or locating appropriate housing whether HOPWA-subsidized or not; staff time to provide fair housing guidance for eligible households who may encounter discrimination on the basis of race, color, religion, sex, age, national origin, familial status, or disability; staff time to provide housing counseling to acquire and finance housing; and development and use of Homeless Management Information System (HMIS) elements to coordinate housing assistance for eligible households; HMIS costs billed to housing information services must be pre-coded and not include HMIS reporting. Use of HMIS for reporting purposes is considered an administrative activity and must be billed to administrative costs.
HOPWA Housing Subsidy Assistance Total	The unduplicated number of households receiving housing subsidies (TBRA, STRNL, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the program year for formula grantees and the operating year for competitive grantees.
Household	A single individual or a family, as defined in 24 CFR 574.3. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-household members (e.g., a shared housing arrangement with a roommate) who resided in the unit are not reported in the annual performance report.
Improved HIV Viral Load	A reduction in the load or volume of HIV present in the HOPWA-eligible individual's blood at the end of the operating year compared to the beginning of the operating year. Most people with HIV/AIDS (PWH) who are engaged in medical care have routine laboratory tests. The HOPWA-eligible individual's two most recent laboratory reports can be used to determine viral load improvement, even if the first laboratory test was performed in a prior operating year.
In-kind Leveraged Resources	These are additional types of support provided to assist HOPWA-eligible individuals such as volunteer services, materials, use of equipment, and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR part 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sale, advertised prices, appraisals, or other information for comparable property similarly situated.
Leasing Costs	Costs used to lease all or a portion of a building as needed to provide housing to eligible households. For eligible individuals or families unable to hold leases in their names, funding may be used to "master lease" units, where the eligible households choose the units, the grantee or project sponsor leases the units and pays the full rent to the landlord, and the eligible households pay the grantee or project sponsor the amount required by 24 CFR 574.330(b). This type of master leasing can be administered as "turn key" housing assistance, to be related with Tenant-Based Rental Assistance (TBRA) if the landlord agrees to transfer the lease to the eligible person. Funding may also be used to master lease units to be operated as transitional housing for eligible households. For example, post-incarceration programs often lease a unit to temporarily house an eligible household returning to the community until other more permanent housing arrangements can be made. The lease is always in the organization's name. The furniture, housing equipment, and supplies, eligible under the operating budget line item, belong to the organization and remain in the unit for the next household's use. Eligible leasing costs include the cost to lease a housing facility or scattered-site units, staff time to negotiate lease terms with lessor or landlord, and annual housing inspections to ensure HOPWA habitability standards are met for scattered-site units assisted with Leasing.
Leveraged Funds	The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources. Leveraged funds are used to further support HOPWA clients receiving assistance during the operating year for formula grantees, or under the applicable competitive grant.
Live-In Aide	A person who resides with the HOPWA-eligible individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See 24 CFR § 4.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.

Master Leasing	Applies to the leasing of units of housing (scattered sites or entire buildings) from a landlord by a nonprofit or public agency that subleases the units to HOPWA-eligible tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.
Minimum Use Periods	Grantees that used HOPWA funding for new construction, acquisition, conversion, lease, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible individuals for a 10-year period. In the case of non-substantial rehabilitation or repair of a building or structure, the minimum use period is not less than 5 years. If no further HOPWA funds are used to support the facility, in place of completing the "CAP DE" tab in the Performance Report Worksheet, the grantee must complete an "Annual Report of Continued Project Operation" throughout the required use periods. This report is found on the "STRATEG" tab of the Grantee Workbook.
Medically Assisted Living Facilities	HOPWA facilities-based housing that assists residents with most or all activities of daily living, such as meals, bathing, dressing, and toileting. Regular medical care, supervision, and rehabilitation are also often available.
Operating Costs	Costs of operating a housing facility owned or leased by the grantee or project sponsor, to the extent the costs are necessary to house eligible households. Eligible operating costs include utilities, property insurance, minor repairs, and upkeep of the facility, maintenance both inside and outside the facility, procurement and contracting of services for facility operation or maintenance, furniture and appliances that will remain with the facility, food purchases and kitchen operation for HOPWA household at the facility, and staff time for directing any of the eligible operating costs mentioned above at the facility for eligible households (24 CFR §574.300(b)(8)).
Operating Year – Competitive grantees	HOPWA competitive grants are awarded for a 3-year period of performance with annual performance reports submitted for each of the 3 operating years. The information contained in this performance report should reflect the grantee's operating year with the beginning date determined at the time the grant agreement is signed. Project sponsor accomplishment information must coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for one additional operating year. A FSI renewal/replacement grant start date would be coordinated with the close out of the existing grant. Grantees with an approved extension period of less than 6 months must submit the Performance Report for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6 months or more must turn in a Performance Report at the end of the operating year and submit a separate extension Performance Report at the end of the extension period.
Operating Year – Formula grantees	HOPWA Formula Grantees follow the Grantee Program Year as established by the Consolidated Planning Process. All CDF Programs (HOMI/ESG/CDBG/HOPWA) use the same 12-month period as their Operating Year for performance reporting. The information contained in each annual performance report must represent a one-year time period of HOPWA program operation that coincides with the grantee's program year. HOPWA Formula Grantees are annually awarded grants with a 3-year period of performance, as established by the Grantee signature date on the Grant Agreement. Since Grant period of performance varies from Fiscal Year to Fiscal Year, and do not necessarily coincide with a Grantee's Operating Year, funds from more than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the annual performance report must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also align with the operating year the annual performance report covers.
Outcome	The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness and improve access to HIV treatment and other health care and support.
Output	The number of units of housing or households that receive HOPWA assistance during the operating year.
Permanent Housing Placement (PHP)	Eligible costs under PHP include security deposits not to exceed two months of rent, rental application fees, credit checks, one-time utility hook-up fees paid directly to the utility company, utility arrears only if the cost is creating a barrier to establishing permanent housing in a new unit, rent arrears only if paid due rent debt at a prior unit is a barrier to accessing a new unit, initial housing inspections, reasonable travel costs to units for initial housing inspections, staff time to review and identify causes for eviction and responsibilities of the tenant within the last, staff time for assisting clients with executing the lease, and staff time for resolving landlord issues directly related to the PHP assistance being provided. PHP can be used in conjunction with TBRA where PHP pays the security deposit and TBRA covers ongoing monthly rent payments starting with the first month. PHP must only be used to assist the client in entering permanent housing. PHP must never be used for monthly rent or ongoing utility costs where a client is already in permanent housing. Although PHP is included as a supportive service under 24 CFR 574.300(b)(7), HUD has established a dedicated BU for PHP to distinguish it from other supportive services.
Program Income	As defined in 2 CFR 200.3, program income is income earned by the grantee or project sponsor that is directly generated by a supported activity or earned as a result of the grant during the period of performance (except as provided by 2 CFR 200.307). See grant administration requirements on program income at 2 CFR 200.307 and the Federal award.
Project-Based Rental Assistance (PBRA)	A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.
Project Sponsor Organizations	Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.
Resource Identification	Resource identification funds may be used to establish, coordinate, and develop permanent housing assistance resources for eligible persons (including conducting preliminary research and making expenditures necessary to determine the feasibility of specific housing-related initiatives) (24 CFR § 574.300(b)(2)). Activities can include increasing coordination with local initiatives, systems, or strategies (such as the local Continuum of Care or Ryan White Planning Council) to house HOPWA-eligible individuals, development of new housing resources, and conducting community needs assessments to inform system design.
Rural	For purposes of HOPWA reporting, a rural county is a county in which: (1) Has no part of it within an area designated as a standard metropolitan statistical area by the Office of Management and Budget; or (2) is within an area designated as a metropolitan statistical area or considered as part of a metropolitan statistical area and at least 75% of its population is local to U.S. Census blocks classified as non-urban; or (3) is located in a state that has a population density of less than 10 persons per square mile (as reported in the most recent decennial census), and of which at least 1.25% of the total acreage of such State is under Federal jurisdiction.
Short-Term Rent, Mortgage, and Utility (STRMU) Assistance	Short-term rent, mortgage, and utility payments to prevent the homelessness of the tenant or mortgagee of a dwelling (24 CFR 574.300(b)(6)). Eligible STRMU costs include up to 23 weeks of the HOPWA-eligible individual's rent, mortgage, and/or utility costs, and the costs of staff time to review and determine household's need for STRMU assistance and make the STRMU payments. For the purposes of STRMU assistance, to the extent that taxes, insurance, condominium fees, or other building operation costs are included in the monthly mortgage payment either by federal regulation or the terms of the mortgage, these expenses are eligible to be included in the STRMU mortgage assistance payments. STRMU mortgage assistance for taxes, insurance, or condo fees that are not included on the monthly mortgage statement are not eligible.
Stewardship Units	Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction, and/or rehabilitation that no longer receive operating subsidies from HOPWA. Support information for the units is subject to the 3-year use agreement if rehabilitation is non-substantial and to the 10-year use agreement if rehabilitation is substantial.
Sub-Recipient	For the purposes of the HOPWA program, a sub-recipient is an organization that receives funds under a contract with the project sponsor to carry out eligible HOPWA activities. For the purposes of HOPWA annual performance reporting, a sub-recipient organization does not need to submit a separate "Provider Workbook." The sub-recipient's HOPWA activities should be included in the "Provider Workbook" of the project sponsor with whom they have a contract.
Supportive Services	Costs include providing housing stability services, assistance in gaining access to mainstream resources, public benefits, healthcare and support positive health outcomes. However, health services may only be provided to individuals with acquired immunodeficiency syndrome or related diseases and not to family members of these individuals. Eligible supportive services costs include staff time to develop, update and review individualized housing and service plans for clients; staff time to connect households to appropriate services and treatment in accordance with their housing and service plans; management level consultation (case staffing); health and mental health assessment services; direct outpatient treatment by licensed professionals of mental health services; substance use disorder services provided by licensed or certified professionals; individual, family, or group therapy to address co-occurring disorders; nutritional services including food banks, nutritional supplements, and counseling by certified nutrition specialists; life skills trainings such as budgeting resources, resolving conflict, using public transportation, unit maintenance, credit counseling; education services including instruction or training in consumer education, health education, substance abuse prevention, literacy, English as a Second Language, and General Educational Development (GED); job training or job coaching including resume development; client transportation to and from medical care, employment, child care, or other eligible essential services facilities; and HOPWA provider transportation to meet with clients for supportive service needs (24 CFR §574.300(b)(7)).
Tenant-Based Rental Assistance (TBRA)	TBRA is a rental subsidy program that grantees can provide to help low-income households access affordable housing. HOPWA does not place restrictions on the length of time eligible persons may receive TBRA. Grantees should provide the opportunity for eligible households to transition in place to self-sufficiency or another subsidy. Eligible TBRA costs include rental payments, staff time to verify household income for TBRA assistance, calculation of resident rent payment, monthly rental payments, procuring a TBRA rental payment on behalf of the HOPWA-eligible individual, annual housing inspections to ensure HOPWA habitability standards are met for units being assisted with TBRA, reasonable travel costs to units for housing inspections, review of a client's selected unit for rent reasonableness and rent standard, annual recertification for households receiving ongoing TBRA, and staff time for resolving landlord issues directly related to providing the TBRA assistance.

VAWA Internal Emergency Transfers	Per 24 CFR 5.2005e, an internal emergency transfer under the Violence Against Women Act (VAWA) protections refers to an emergency relocation of a tenant to another unit where the tenant would not be categorized as a new applicant; that is, the tenant may reside in the new unit without having to undergo an application process.
VAWA External Emergency Transfers	Per 24 CFR 5.2005e, an external emergency transfer under the VAWA protections refers to an emergency relocation of a tenant to another unit where the tenant would be categorized as a new applicant; that is, the tenant must undergo an application process in order to reside in the new unit.
Veteran	A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

Instructions for Completing the HOPWA Provider Performance Report Workbook

What is the HOPWA Provider Performance Report Workbook?

This workbook provides annual performance data for HOPWA activities. This includes outputs (e.g., households served and demographic information), outcomes (e.g., access to care and support outcomes) and expenditures (for HOPWA-eligible costs).

This data will be compiled by the HOPWA Formula or Competitive Grantees, as part of providing annual performance reporting to HUD.

Who completes this form?

This workbook will be completed by **any organization** that conducts any HOPWA activities other than administrative activities. This includes HOPWA Formula or Competitive Grantees that conduct other HOPWA activities besides administrative activities, and the **Project Sponsor** organizations that Grantees contract to provide HOPWA services (as defined in 24 CFR 578.3).

There should be one organization's HOPWA activities reported in each workbook. Each organization should complete a separate performance report workbook that only includes the HOPWA activities conducted by that organization.

What tabs should be completed for this report?

The Performance Report Workbook requires the completion of the following tabs:

- **DEM (Demographics) & Prior Living (see Note)**
- **Leveraging**
- **ATC (Access to Care) & Totals**

ONLY PROJECT SPONSORS* should complete these tabs:

- **HOPWA Provider**
- **CONTACT**

* For Grantees that are approved to conduct Resource Identification or Technical Assistance activities, please report your expenditure amounts for those budget line items in the **HOPWA Provider** tab. These are the only cells that you will need to complete in the **HOPWA Provider** tab.

Note: Complete Prior Living information only for individuals served by TBRA, P-FBH, ST-TFBH or PHP.

The remaining tabs should **ONLY** be completed based on HOPWA services provided by the organization completing this workbook.

Leave tabs untouched if the activity is not provided by the organization.

- **TBRA (Tenant-Based Rental Assistance)**
- **P-FBH (Permanent Facility-Based Housing)**
- **ST-TFBH (Short-Term or Transitional Facility-Based Housing)**
- **STRMU (Short-Term Rent, Mortgage and Utilities Assistance)**
- **PHP (Permanent Housing Placement Assistance)**
- **Housing Info (Housing Information Services)**
- **Supp Svcs (HOPWA Supportive Services)**
- **Other Competitive Activity**
- **CAP DEV (Capital Development)**
- **VAWA (Housing Transfers for Households Covered by the Violence Against Women Act)**

Important Information

To ensure the integrity of this reporting form, please do not DELETE or ALTER any rows, columns, tabs, or the NAME of the report.

This form requires the entry of data only where applicable, with no other actions required.

- 1 Enter text in empty cells next to questions.
- 2 Enter numbers where the entry reads "0" and the answer is an amount greater than zero.

SUBMISSION INSTRUCTIONS

- Once complete, the Project Sponsor should return the entire workbook to the Grantee in the manner and timeline prescribed by the Grantee.
 - The report **MUST** be submitted in this Excel format.
 - DO NOT alter the name of this file; return it to the Grantee with the file name as provided.
 - The Grantee is responsible for reviewing this report and submitting it to HUD. Project Sponsors **should not** submit this report to HUD; only to the Grantee.
 - The Grantee may be contacted by HUD or a HUD contractor regarding the accuracy of this report.
 - Please contact the Grantee if you require support submitting this form.
 - Submission of the collection of separate workbook files satisfies the HOPWA annual performance reporting submission requirements to HUD.
- No additional uploads or submission methods (i.e., eCon Planning Suite, SharePoint, etc.) are required.

Housing Opportunities for Persons With AIDS (HOPWA) Program	
Revised: 05/11/2021	
Consolidated AFR/CAPER – HOPWA Grantee	
OMB Approval No. 2506-0117 (Expiration Date: 12/31/2025)	
Burden Statement	
The purpose of this information collection is to meet the Housing Opportunities for Persons With AIDS (HOPWA) annual reporting requirements. Reporting is required for all HOPWA grantees pursuant to 42 U.S.C. § 12911; 24 CFR § 574.520(a) and (b); and 24 CFR § 91.520(f). The information collected on this form is required to obtain a benefit. It will not be confidential. The public reporting burden for this collection of information is estimated to average 45 hours, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. This includes the time for collecting, reviewing, and reporting the data. HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a currently valid OMB control number. OMB Approval No. 2506-0117 (Expiration Date: 12/31/2025).	
Term	Definition
Viral Suppression	When the load or volume of HIV virus present in a person's blood is measured at less than 200 copies per milliliter of blood.
Adjustment for Duplication	Removal of duplicate entries when a household/unit received more than one type of HOPWA assistance, which enables the calculation of unduplicated output totals. For example, if a household received both HOPWA TBRA and HOPWA PWP from the same project sponsor, adjusting for duplication would ensure that household was only counted once when calculating the HOPWA housing subsidy assistance household total.
Administrative Agent	As entity the grantee has selected to carry out administrative activities on behalf of the grantee. When a grantee utilizes another organization to carry out some or all of the grantee's administrative functions, the administrative activities, costs, and terms of payment should be clearly delineated in a contract or other written agreement between the parties. All costs associated with administering the grant, whether incurred by the grantee or the other organization, are subject to the 3% administrative cost limit. For the purposes of HOPWA annual performance reporting, the administrative agent would not complete a separate "Provider Workbook."
Administrative Costs	Costs for general management, oversight, coordination, evaluation, and reporting (24 CFR § 574.3). By statute, grantee administrative costs are limited to 3% of the total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive (42 U.S.C. § 12901).
Anti-Retroviral Therapy	A use of a combination of medications to treat HIV.
Area Median Income (AMI)	The Department of Housing and Urban Development (HUD) sets income limits that determine eligibility for assisted housing programs including the HOPWA program. HUD develops income limits based on Median Family Income estimates and Fair Market Rent area definitions for each metropolitan area, parts of some metropolitan areas, and each non-metropolitan county. AMI values vary by location and are published at https://www.huduser.gov/portal/datasets/il.html .
Beneficiary(ies)	All members of a household (with or without HIV) who benefited from HOPWA assistance during the operating year, not including the HOPWA-eligible individual (see definition).
Chronically Homeless Person	A person defined as chronically homeless under 24 CFR 578.3. (3) A homeless individual with a disability as defined in section 401(1) of the McKinney-Vento Assistance Act (42 U.S.C. 11360) (i) who: a) lives in a place not meant for human habitation, a safe haven, or in an emergency shelter, and b) has been homeless and living as described for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions is no more than 7 consecutive nights of not living as described; (2) An individual who has been residing in an institutional care facility, including jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria of this definition before entering that facility; or (3) A family with an adult head of household (or, if there is no adult in the family, a minor head of household) who meets all of the criteria of this definition, including a family whose composition has fluctuated while the head of household has been homeless(s).
Contractor	A contractor is an entity that receives a legal instrument (contract) by which a grantee or project sponsor purchases property or services needed to carry out the project or program under a Federal award. The purpose of the contract is to obtain goods and services for the grantee/project sponsor's own use and creates a procurement relationship with the contractor. Characteristics indicative of a procurement relationship between the grantee and a contractor are when the contractor: provides the goods and services within normal business operations; provides similar goods or services to many different purchasers; normally operates in a competitive environment; provides goods or services that are ancillary to the operation of the HOPWA program; and is not subject to compliance requirements of the HOPWA program as a result of the agreement, though similar requirements may apply for other reasons (2 CFR 200.331(b)). For purposes of HOPWA annual performance reporting, contractors do not submit a separate "Provider Workbook."
Facility-Based Housing Assistance	Leasing, operating, and hotel/motel expenditures to support units or facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.
Faith-Based Organization	Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.
Grassroots Organization	An organization that is headquartered in the local community where it provides services, has a social services budget of \$300,000 or less annually, and has six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."
HOPWA-Eligible Individual	The one low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "head of household." A child may also qualify the household for HOPWA assistance. When the annual performance report asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH(s) will be considered a beneficiary(s).
Housing Information Services	Costs to provide counseling, information, or referral services to assist an eligible person to locate, acquire, finance, and maintain housing (24 CFR § 574.300(b)(1)). Some eligible costs under Housing Information Services include staff time to assist eligible clients in searching for or locating appropriate housing; whether HOPWA subsidized or not; staff time to provide fair housing guidance for eligible households who may encounter discrimination on the basis of race, color, religion, sex, age, national origin, familial status, or disability; staff time to provide housing counseling to acquire and finance housing; and development and use of Housing Management Information System (HMIS) elements to coordinate housing assistance for eligible households. HMIS costs billed to housing information services must be pre-noted and not include HMIS reporting. Use of HMIS for reporting purposes is considered an administrative activity and must be billed to administrative costs.
HOPWA Housing Subsidy Assistance Total	The unduplicated number of households receiving housing subsidies (TBRA, STRMUL, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the program year for formula grantees and the operating year for competitive grantees.
Household	A single individual or a family, as defined in 24 CFR 574.3. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Use-In Aids (see definition for Use-In Aids) and non-household members (e.g., a shared housing arrangement with a roommate) who resided in the unit are not reported in the annual performance report.
Improved HIV Viral Load	A reduction in the load or volume of HIV present in the HOPWA-eligible individual's blood at the end of the operating year compared to the beginning of the operating year. Most people with HIV/AIDS (PWH) who are engaged in medical care have routine laboratory tests. The HOPWA-eligible individual's two most recent laboratory reports can be used to determine viral load improvement, even if the first laboratory test was performed in a prior operating year.
In-kind Leveraged Resources	These are additional types of support provided to assist HOPWA-eligible individuals such as volunteer services, materials, use of equipment, and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR part 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sale, advertised prices, appraisals, or other information for comparable property similarly situated.
Leasing Costs	Costs used to lease all or a portion of a building as needed to provide housing to eligible households. For eligible individuals or families unable to hold leases in their names, funding may be used to "master lease" units, where the eligible households choose the units, the grantee or project sponsor leases the units and pays the full rent to the landlord, and the eligible households pay the grantee or project sponsor the amount required by 24 CFR 574.330(b). This type of master leasing can be administered as "last-key" housing assistance, to be replaced with Tenant-Based Rental Assistance (TBRA) if the landlord agrees to transfer the lease to the eligible person. Funding may also be used to master lease units to be operated as transitional housing for eligible households. For example, post-incarceration programs often lease a unit to temporarily house an eligible household returning to the community until other more permanent housing arrangements can be made. The lease is always in the organization's name. The furniture, housing equipment, and supplies, eligible under the operating budget line item, belong to the organization and remain in the unit for the next household's use. Eligible leasing costs include the cost to lease a housing facility or scattered-site units, staff time to negotiate lease terms with lessor or landlord, and annual housing inspections to ensure HOPWA habitability standards are met for scattered-site units assisted with Leasing.
Leveraged Funds	The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources. Leveraged funds are used to further support HOPWA clients receiving assistance during the operating year for formula grants, or under the applicable competitive grant.
Live-In Aide	A person who resides with the HOPWA-eligible individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See 24 CFR § 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.

Master Leasing	Applies to the leasing of units of housing (scattered sites or entire buildings) from a landlord by a nonprofit or public agency that subleases the units to HOPWA-eligible tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.
Minimum Use Periods	Grantees that used HOPWA funding for new construction, acquisition, conversion, lease, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible individuals for a 10-year period. In the case of non-substantial rehabilitation or repair of a building or structure, the minimum use period is not less than 5 years. If no further HOPWA funds are used to support the facility, in place of completing the "CAP DE" tab in the Performance Report Worksheet, the grantee must complete an "Annual Report of Continued Project Operation" throughout the required use periods. This report is found on the "STRATEG" tab of the Grantee Workbook.
Medically Assisted Living Facilities	HOPWA facilities-based housing that assists residents with most or all activities of daily living, such as meals, bathing, dressing, and toileting. Regular medical care, supervision, and rehabilitation are also often available.
Operating Costs	Costs of operating a housing facility owned or leased by the grantee or project sponsor, to the extent the costs are necessary to house eligible households. Eligible operating costs include utilities, property insurance, minor repairs, and upkeep of the facility, maintenance both inside and outside the facility, procurement and contracting of services for facility operation or maintenance, furniture and appliances that will remain with the facility, food purchases and kitchen operation for HOPWA household at the facility, and staff time for directing any of the eligible operating costs mentioned above at the facility for eligible households (24 CFR §574.300(b)(8)).
Operating Year – Competitive grantees	HOPWA competitive grants are awarded for a 3-year period of performance with annual performance reports submitted for each of the 3 operating years. The information contained in this performance report should reflect the grantee's operating year with the beginning date determined at the time the grant agreement is signed. Project sponsor accomplishment information must coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for one additional operating year. A FSI renewal/replacement grant start date would be coordinated with the close out of the existing grant. Grantees with an approved extension period of less than 6 months must submit the Performance Report for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6 months or more must turn in a Performance Report at the end of the operating year and submit a separate extension Performance Report at the end of the extension period.
Operating Year – Formula grantees	HOPWA Formula Grantees follow the Grantee Program Year as established by the Consolidated Planning Process. All CDF Programs (HDM/ESG/CDBG/HOPWA) use the same 12-month period as their Operating Year for performance reporting. The information contained in each annual performance report must represent a one-year time period of HOPWA program operation that coincides with the grantee's program year. HOPWA Formula Grantees are annually awarded grants with a 3-year period of performance, as established by the Grantee signature date on the Grant Agreement. Since Grant period of performance varies from Fiscal Year to Fiscal Year, and do not necessarily coincide with a Grantee's Operating Year, funds from more than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the annual performance report must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also align with the operating year the annual performance report covers.
Outcome	The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness and improve access to HIV treatment and other health care and support.
Output	The number of units of housing or households that receive HOPWA assistance during the operating year.
Permanent Housing Placement (PHP)	Eligible costs under PHP include security deposits not to exceed two months of rent, rental application fees, credit checks, one-time utility hook-up fees paid directly to the utility company, utility arrears only if the cost is creating a barrier to establishing permanent housing in a new unit, rent arrears only if paid due rent debt at a prior unit is a barrier to accessing a new unit, initial housing inspections, reasonable travel costs to units for initial housing inspections, staff time to review and identify causes for eviction and responsibilities of the tenant within the last, staff time for assisting clients with executing the lease, and staff time for resolving landlord issues directly related to the PHP assistance being provided. PHP can be used in conjunction with TBRA where PHP pays the security deposit and TBRA covers ongoing monthly rent payments starting with the first month. PHP must only be used to assist the client in entering permanent housing. PHP must never be used for monthly rent or ongoing utility costs where a client is already in permanent housing. Although PHP is included as a supportive service under 24 CFR 574.300(b)(7), HUD has established a dedicated BU for PHP to distinguish it from other supportive services.
Program Income	As defined in 2 CFR 200.3, program income is income earned by the grantee or project sponsor that is directly generated by a supported activity or earned as a result of the grant during the period of performance (except as provided by 2 CFR 200.307). See grant administration requirements on program income at 2 CFR 200.307 and the Federal award.
Project-Based Rental Assistance (PBRA)	A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.
Project Sponsor Organizations	Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.
Resource Identification	Resource identification funds may be used to establish, coordinate, and develop permanent housing assistance resources for eligible persons (including conducting preliminary research and making expenditures necessary to determine the feasibility of specific housing-related initiatives) (24 CFR § 574.300(b)(2)). Activities can include increasing coordination with local initiatives, systems, or strategies (such as the local Continuum of Care or Ryan White Planning Council) to house HOPWA-eligible individuals, development of new housing resources, and conducting community needs assessments to inform system design.
Rural	For purposes of HOPWA reporting, a rural county is a county in which: (1) Has no part of it within an area designated as a standard metropolitan statistical area by the Office of Management and Budget; or (2) is within an area designated as a metropolitan statistical area or considered as part of a metropolitan statistical area and at least 75% of its population is local to U.S. Census blocks classified as non-urban; or (3) is located in a state that has a population density of less than 10 persons per square mile (as reported in the most recent decennial census), and of which at least 1.25% of the total acreage of such State is under Federal jurisdiction.
Short-Term Rent, Mortgage, and Utility (STRMU) Assistance	Short-term rent, mortgage, and utility payments to prevent the homelessness of the tenant or mortgagee of a dwelling (24 CFR 574.300(b)(6)). Eligible STRMU costs include up to 23 weeks of the HOPWA-eligible individual's rent, mortgage, and/or utility costs, and the costs of staff time to review and determine household's need for STRMU assistance and make the STRMU payments. For the purposes of STRMU assistance, to the extent that taxes, insurance, condominium fees, or other building operation costs are included in the monthly mortgage payment either by federal regulation or the terms of the mortgage, these expenses are eligible to be included in the STRMU mortgage assistance payments. STRMU mortgage assistance for taxes, insurance, or condo fees that are not included on the monthly mortgage statement are not eligible.
Stewardship Units	Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction, and/or rehabilitation that no longer receive operating subsidies from HOPWA. Support information for the units is subject to the 3-year use agreement if rehabilitation is non-substantial and to the 10-year use agreement if rehabilitation is substantial.
Sub-Recipient	For the purposes of the HOPWA program, a sub-recipient is an organization that receives funds under a contract with the project sponsor to carry out eligible HOPWA activities. For the purposes of HOPWA annual performance reporting, a sub-recipient organization does not need to submit a separate "Provider Workbook." The sub-recipient's HOPWA activities should be included in the "Provider Workbook" of the project sponsor with whom they have a contract.
Supportive Services	Costs include providing housing stability services, assistance in gaining access to mainstream resources, public benefits, healthcare and support positive health outcomes. However, health services may only be provided to individuals with acquired immunodeficiency syndrome or related diseases and not to family members of these individuals. Eligible supportive services costs include staff time to develop, update and review individualized housing and service plans for clients; staff time to connect households to appropriate services and treatment in accordance with their housing and service plans; management level consultation (case staffing); health and mental health assessment services; direct outpatient treatment by licensed professionals of mental health services; substance use disorder services provided by licensed or certified professionals; individual, family, or group therapy to address co-occurring disorders; nutritional services including food banks, nutritional supplements, and counseling by certified nutrition specialists; life skills trainings such as budgeting resources, resolving conflict, using public transportation, unit maintenance, credit counseling; education services including instruction or training in consumer education, health education, substance abuse prevention, literacy, English as a Second Language; and General Educational Development (GED). Job training or job coaching including resume development; client transportation to and from medical care, employment, child care, or other eligible essential services facilities; and HOPWA provider transportation to meet with clients for supportive service needs (24 CFR §574.300(b)(7)).
Tenant-Based Rental Assistance (TBRA)	TBRA is a rental subsidy program that grantees can provide to help low-income households access affordable housing. HOPWA does not place restrictions on the length of time eligible persons may receive TBRA. Grantees should provide the opportunity for eligible households to transition in place to self-sufficiency or another subsidy. Eligible TBRA costs include rental payments, staff time to verify household income for TBRA assistance, calculation of resident rent payment, monthly rental payments, procuring a TBRA rental payment on behalf of the HOPWA-eligible individual, annual housing inspections to ensure HOPWA habitability standards are met for units being assisted with TBRA, reasonable travel costs to units for housing inspections, review of a client's selected unit for rent reasonableness and rent standard, annual recertification for households receiving ongoing TBRA, and staff time for resolving landlord issues directly related to providing the TBRA assistance.

VAWA Internal Emergency Transfers	Per 24 CFR 5.2005e, an internal emergency transfer under the Violence Against Women Act (VAWA) protections refers to an emergency relocation of a tenant to another unit where the tenant would not be categorized as a new applicant; that is, the tenant may reside in the new unit without having to undergo an application process.
VAWA External Emergency Transfers	Per 24 CFR 5.2005e, an external emergency transfer under the VAWA protections refers to an emergency relocation of a tenant to another unit where the tenant would be categorized as a new applicant; that is, the tenant must undergo an application process in order to reside in the new unit.
Veteran	A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

Instructions for Completing the HOPWA Grantee Performance Report Workbook

What is the HOPWA Grantee Performance Report Workbook?

This workbook provides information at the Grantee Administration level, including grantee contact information, annual performance report narratives, and ownership use information. This data will be compiled by the HOPWA Formula or Competitive Grantee OER, in part of providing annual performance reporting to HUD.

Who completes this form?

This workbook will be completed by the HOPWA Formula or Competitive Grantee OER.

Requisite:

Any entity that provides DIRECT HOPWA services - including the HOPWA Grantee - must also complete a separate HOPWA Provider Performance Report Workbook.

What tabs should be completed for this report?

EXISTING GRANTEE USER should complete these tabs:

- GRANTEE
- CONTACT
- Narrative

STEWARDS The **Stewardship** tab should only be completed if the Grantee is reporting on HOPWA Stewardship.

Link:

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or street are required to operate the building or structure for HOPWA eligible beneficiaries for a ten (10) year period.

If no further HOPWA funds are used to support the facility, in place of completing the "CAP DEV" tab in the Provider Performance Report workbook, the grantee must complete an Annual Report of Continued Project Operation throughout the required use periods based on the "STEWARDS" tab of this workbook. The required use period is three (3) years if the rehabilitation is new substantial.

Important Information:

To ensure the integrity of this workbook, please do not DELETE or ALTER any rows, columns, tabs, or the NAME of the report.

This workbook requires the entry of data only when applicable, with no other actions required.

- 1 Enter text in empty cells next to questions.

- 2 Enter numbers where the entry reads "X" and the answer is an amount.

The workbook MUST be submitted in this Excel format. The Grantee will be unable to submit it to HUD if it has been converted to any other format, such as a Word or PDF file.

HOPWA Grantee Performance Report Submission Instructions:

HOPWA Annual Performance reporting is collected and submitted at both the Grantee and Project Sponsor levels.

HUD or a HUD contractor will provide HOPWA Grantees annually with an advance set of tailored Grantee and Project Sponsor files, based on Project Sponsor activity logged in HUD's EIS system relative to the Grantee's Accomplishment Year on which it will be reporting.

Grantees complete this high-level Grantee workbook (covering: Grantee organizational information, Grantee contact information, a narrative of all activities provided by the Grantee and its Project Sponsors, and Stewardship data information, as applicable).

Project Sponsors (and any Grantee that provides direct HOPWA activities) will complete a separate detailed annual report, called the "Provider Performance Report Workbook," with every Project Sponsor completing a workbook and submitting it to the Grantee.

The Grantee will then:

- Review all Provider Performance Report Workbooks for accuracy and will request that the Project Sponsor correct any missing or incorrect information.
- Collect all of the Grantee and Project Sponsor workbooks together.
- Submit the collection of all separate workbook files in a single transmission to HOPWASponsors@HUD.gov.
- The entire collection of HOPWA workbook files is considered the Grantee's submission of annual performance reporting under its HOPWA grant agreement.
- Grantees shall submit their annual collection of workbooks within 90 days of the completion of their operating for Accomplishment year (except competitive Grantees submitting their grant's 3rd year report need to submit).
- Submission of the collection of separate workbook files satisfies the HOPWA annual performance reporting submission requirements to HUD.

No additional uploads or submission methods (i.e., e-Com Planning Tools, SharePoint, etc.) are required.

Once submitted, the Grantee will receive confirmation regarding the submitted files and may be contacted by HUD or a HUD contractor to confirm or correct reported information, as necessary.

For assistance with this process, please submit a query to HOPWASponsors@HUD.gov.
